## **FOUNDER AND CEO STATEMENT**

#### Dear Shareholders,

#### Overview

I am very pleased to present our FY2019 Annual Report for the financial year ended 31 August 2019.

The last few years have been very challenging for the Group with profitability being negatively affected.

Our Gold business in Singapore and the apparel business of First Lady Malaysia is expected to remain profitable. However, we intend to cease the apparel business of First Lady Singapore.

Rental income continues to be under pressure due to the challenging retail environment. The bright spot for the Group is its very low level of debt with gearing of 0.04 as at 31 August 2019 which places it in a strong position to capitalise on and seize opportunities for future growth.

#### **Dividend Policy & Dividends**

We have changed our dividend policy to distribute at least 25% of profits as compared to not more than 30% of profits previously. A dividend of 0.40 cents per ordinary share (one-tier tax exempt) for the financial year ended 31 August 2019 was paid out during the year. The dividend amount distributed was \$3.02 million which is 63.65% of our net profit after tax.

#### Corporate Governance

Our commitment to maintain high standards of corporate governance forms an integral part of the Group's culture and business practices. We have highlighted some of our activities relating to corporate responsibility on page 19 and outlined key corporate governance policies on pages 28–51 of this Annual Report.

#### **CSR-Corporate Social Responsibility**

For our CSR programme this year apart from sponsoring and donating to various social and community events, we have continued to grant a Bursary Fund to assist and support deserving students pursuing their undergraduate studies. Please refer to pages 19–21 of this Annual Report to view some of the highlights of our CSR programmes done in the past year.

#### **Investor Relations**

The Company engages its shareholders from time to time with information of our performance and future plans. Shareholders interested to be on our mailing list can email us at contact@secondchance.com.sg

#### Acknowledgement

I would like to thank my fellow Board members for their counsel and commitment during the year and all key personnel and staff members for their dedication to the Group.

On behalf of our Board of Directors, I would like to sincerely thank our shareholders, customers, tenants and business associates for their continued confidence and support.

#### **Overview**

The Group net profit decreased by \$3.16 million or 39.95% from \$7.91 million in FY 2018 to \$4.75 million in FY 2019.

Revenue has decreased by \$0.85 million or 2.69% from \$31.61 million in FY 2018 to \$30.76 million in FY 2019.

Adjusted EBITDA increased by \$0.65 million or 8.62% from \$7.54 million in FY 2018 to \$8.19 million in FY 2019.

#### Revenue

Revenue has decreased by \$0.85 million or 2.69% from \$31.61 million in FY 2018 to \$30.76 million in FY 2019.

Different business segments contributed to the decrease as illustrated below:

Revenue	FY 2019	FY 2018	Variance	
	S\$ million	S\$ million	S\$ million	%
Apparel	4.99	5.40	(0.41)	(7.59)
Gold	15.06	15.13	(0.07)	(0.46)
Properties	6.46	6.58	(0.12)	(1.82)
Securities	4.26	4.50	(0.24)	(5.33)

The revenue from apparel business was \$5.40 million in FY 2018 as compared to \$4.99 million in FY 2019. Of the \$4.99 million, Malaysian apparel business contributed \$3.04 million.

In Singapore, the revenue from this business segment increased. However in Malaysia, the closure of all retail apparel outlets except the flagship First Lady store has resulted in decrease in revenue from this business segment there. In addition, the intense competition and the increasing trend of online shopping with changed consumer preferences has also contributed to decrease in revenue from apparel business.

Due to general slowdown in the gold market, our revenue from gold business declined marginally by \$0.07 million or 0.46% to \$15.06 million in FY 2019 from \$15.13 million in FY 2018.

Rental revenue from properties also reduced marginally by \$0.12 million to \$6.46 million in FY 2019 from \$6.58 million in FY 2018 primarily due to loss of rental income on disposal of two properties.

The securities business witnessed decline in revenue of \$0.24 million from \$4.50 million in FY 2018 to \$4.26 million in FY 2019 mainly on account of loss of coupon income upon redemption of few bonds.

The graph below represents the total revenue from the group during the past five years:

#### Revenue

#### **Profit**

The Group net profit decreased by \$3.16 million from \$7.91 million in FY 2018 to \$4.75 million in FY 2019.

The contribution from various business segments are illustrated below (the contributions are before interest, tax and unallocated expenses).

Profit	FY 2019	FY 2018 S\$ million	Variance S\$ million %	
	39 111111011	39 111111011	3\$ 111111011	
Apparel	(0.14)	(0.28)	0.14	50.00
Gold	2.23	1.86	0.37	19.89
Properties	3.97	7.06	(3.09)	(43.77)
Securities	1.60	2.15	(0.55)	(25.00)

The closure of all retail apparel outlets except the flagship First Lady store in Malaysia helped in lowering losses from the apparel business segment in Malaysia as fixed costs were eliminated there. The loss from this business segment reduced by \$0.14 million from \$0.28 million in FY 2018 to \$0.14 million in FY 2019.

The profit from gold business increased by \$0.37 million from \$1.86 million in FY 2018 to \$2.23 million in FY 2019 mainly because of increasing prices of gold in the current year.

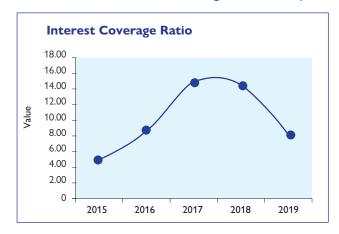

Properties segment contributed \$3.97 million in FY 2019 as compared to \$7.06 million in FY 2018. This was primarily because of unrealised loss of \$1.41 million recorded on revaluation of

properties in FY 2019 as compared to revaluation gain of \$0.79 million in FY 2018. Furthermore, loss of \$0.27 million on sale of an investment property in FY 2019 as compared to profit of \$0.75 million in FY 2018 also pushed the profit downwards from this business segment in the current year.

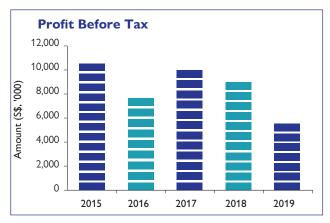

Securities segment recorded a profit of \$1.60 million in FY 2019 which is \$0.55 million lesser than the profit of \$2.15 million in FY 2018. In addition to lower revenue from this business on account of lower coupon income in the current year, the unrealised loss of \$2.65 million recorded on financial assets, at fair value through profit or loss i.e. the financial assets held for trading purpose in the current year as compared to an unrealised loss of \$2.35 million in the prior year contributed to lower profits from this segment.

#### **Finance Costs**

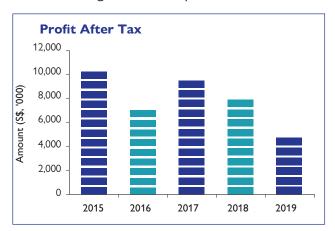

Interest expenses increased from \$0.64 million in FY 2018 to \$0.76 million in FY 2019 due to increased bank loan rates during the current year.

Below is a graphical representation of the profit before tax for the past five years:

The income tax expense decreased by \$0.20 million from \$0.91 million in FY 2018 to \$0.71 million in FY 2019 mainly because of group relief claimed during the current year.

The earnings per share for FY 2019 was 0.63 cents as compared to 1.05 cents in FY 2018. Below is a comparison of the earnings per share for the past five years:

#### **Adjusted EBITDA**

Adjusted EBITDA increased by \$0.65 million from \$7.54 million in FY 2018 to \$8.19 million in FY 2019.

The details of Adjusted EBITDA calculation are as below:

Adjusted EBITDA*	FY 2019 S\$ '000	FY 2018 S\$ '000
Net Profit	4,745	7,909
Add/(Less):		
Interest expenses	764	643
Taxes	710	910
Depreciation	147	168
Fair valuation losses/(gains) of properties	1,410	(789)
Gain on disposal of financial assets, at FVOCI	-	(7)
Divestment losses/( gains) of investment property	265	(750)
Exchange differences	145	(549)
	8,186	7,535

<sup>\*</sup> Adjusted earnings before interest, tax, depreciation, exchange gains/losses, revaluation gains/losses, divestment profits/losses

#### **Dividends**

For FY 2019, the Directors have declared an interim tax-exempt (one-tier) cash dividend of 0.40 cents per share.

The dividend yield for FY 2019 amounts to 1.90% based on the market price of 21 cents per share as at 31 August 2019 and the dividend payout ratio is 63.49% considering the earnings per share of 0.63 cents.

#### **Cash Flow**

The net cash flow from operating activities was \$9.39 million in FY 2019.

Disposal of some financial assets, at fair value through profit or loss generated \$4.52 million while capital distribution made by various REITs contributed \$0.33 million. Proceeds from disposal of investment properties generated \$9.25 million. Further, the Group had drawn down an amount of \$109.54 million from banks.

An amount of \$127.43 million was utilised to repay bank borrowings. The above funds were also deployed to distribute dividends totaling \$5.29 million.

Cash and cash equivalents at the end of the year i.e. 31 August 2019 was \$11.11 million while it was \$10.80 million at the beginning of the year i.e. 31 August 2018. Thus, there was an increase of \$0.31 million through the year.

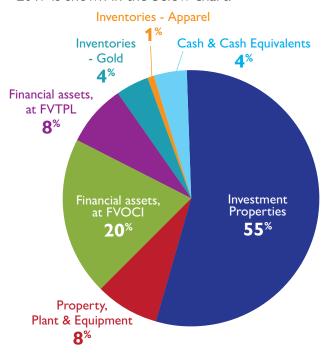

#### Financial Position as at 31 August 2019

Investment properties of the group totaled \$159.55 million. In addition, \$21.38 million worth of property owned by the group was classified as Property, Plant and Equipment because it was self-occupied. Thus, the total value of the properties was \$180.93 million.

As at 31 August 2019, financial assets, at fair value through other comprehensive income comprised of shares valued at \$56.53 million while financial assets at fair value through profit or loss comprised of fixed income securities and equities valued at \$3.82 million and \$20.22 million respectively. There was an increase of \$0.57 million in the market value of financial assets, at fair value through other comprehensive income at 31 August 2019 as compared to 31 August 2018 and this gain was taken directly to equity. For financial assets, at fair value through profit or loss, there was an unrealised loss of \$2.65 million during the current financial year which was taken to the income statement. Inventories at financial year ended 31 August 2019 totaled \$14.70 million of which \$12.59 million was gold stock.

#### **Assets Allocation**

The asset allocation of the group as at 31 August 2019 is shown in the below chart:

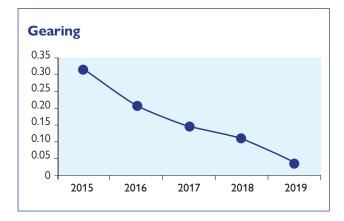

#### **Working capital**

The Group had a positive working capital of \$25.19 million as at 31 August 2019 as compared to working capital of \$14.11 million as at 31 August 2018.

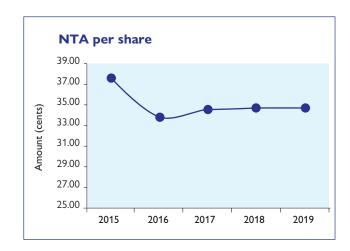

#### **Bank Borrowings**

#### **Casino Self-Exclusion Policy**

We require our employees including top executives and senior management to sign up at National Council of Problem Gambling (NCPG) website to self-exclude their names from entering Singapore's casinos for as long as they are employed with the Group.

This move which was formalised in 2011, stemmed from the several news in the corporate world where employees including directors and senior management committed fraud due to their gambling habits and losses.

As such, it became a guiding principle and culture of our Company to deter and minimise the risk of such events by implementing this policy which at the same time boost our corporate governance standings with our shareholders.

As part of our continuous efforts to improve operational grips on our businesses, the Group has embarked on various risk governance and internal control measures throughout the years.

By engaging established and independent External Auditors - such as RSM Risk Advisory and Deloitte South East Asia - the Group opened their doors for the Auditors which resulted in frameworks and manuals crafted for our adoption on managing risks and fraud, improving our retail POS System and GST implementation.

In addition, senior management and executives are periodically tasked to conduct internal audits on various operations of the Group such as Annual Stock-Taking, Warehouse Management, Security etc. This further ensures that we have our finger on the pulse at all times on our businesses.

#### **Whistle Blower Policy**

We have a formalised whistle blower policy where anyone is able to send feedback to the CEO or our Lead Independent Non-Executive Director through various channels of communication.

This policy intends to send a clear signal to all business partners, associates, suppliers, employees and other stakeholders of the Group that we have zero tolerance on fraud and misconduct. To make this policy more effective and as an incentive, a financial reward is offered to all whistle blowers.

## **SOCIAL RESPONSIBILITY**

#### **Bursary Fund**

We have continued this year to grant a Bursary Fund to assist and support deserving students pursuing their undergraduate studies in the field of Science, Technology, Engineering and Mathematics (STEM).

This fund was set up in collaboration with the Association of Muslim Professionals (AMP) for students who have excelled in their academic and extra-curricular activities and whose Family Per Capita Income was below \$2,000.00 per month.

Corporate Governance is the combination of voluntary practices and compliance with laws and regulations leading to effective control and management of the organisation. The Board of Directors (the "Board") is committed to define, follow and practice the highest level of corporate governance within Second Chance Properties Limited (the "Company") and its subsidiaries (the "Group") which forms the continuing obligations of the Singapore Exchange Securities Trading Limited ("SGX-ST")'s Listing Rules. The Board aims to lead by example and learn from experience. The Board is committed to regularly improving its corporate governance practices. It has developed and, on an ongoing basis, maintains sound and transparent policies and practices to meet the specific business needs of the Group. The Board remains focused on complying with the substance and spirit of the principles of the Singapore Code of Corporate Governance 2012 ("Code") while achieving operational excellence and delivering the Group's long-term strategic objectives. This statement outlines the key corporate governance practices that were in place throughout the financial year and up to the date of this report.

On 6 August 2018, the Monetary Authority of Singapore issued a revised Code of Corporate Governance which aims to encourage board renewal, strengthen director independence and enhance board diversity, which will initially take effect for annual reports covering financial years commencing from 1 January 2019 (the "2018 Code"). The Company will review and set out the corporate practices in place to comply with the 2018 Code, where appropriate, for its Annual Report for the financial year beginning 1 September 2019 ("FY 2020").

#### **Principle 1: The Board's Conduct Of Affairs**

#### 1.1 Principal duties of the Board

The Board is primarily responsible for the overall management of the Group focusing on long term health along with the holistic success of business and its financial strength to enhance the long term value of the Group to its shareholders and other stakeholders. The other principal functions of the Board include formulating corporate strategies of the Group, reviewing strategic plans and performance objectives, planning annual budget, setting direction and goals for the executive management along with key operational initiatives, supervising executive management, reviewing investment proposals, financial performance as well as corporate governances and monitoring performance of these goals. The Board also establishes a framework of prudent and effective controls which enables risks to be assessed and managed, including safeguarding of shareholders' interests and the Group's assets. The Board also directs and exercises appropriate controls to ensure that the Company is managed in a manner that fulfils stakeholders' aspirations and growth expectations.

In addition, the duties of the Board include:

- Setting the Group's strategic objectives, and ensuring that the necessary financial and human resources are in place for the Group to meet its objectives.
- Monitoring the Company's risk management, financial reporting, compliance and internal control system and carrying out periodic reviews of their effectiveness.
- Appointing the Group CEO and approving the remuneration policies and guidelines for the Board and senior management.
- Reviewing the performance of management and overseeing succession planning for the senior management.
- Setting the Group's values and standards (including ethical standards) and ensuring that obligations to shareholders and other stakeholders are understood and met.

 Considering sustainability issues eg., environmental and social factors, as part of its strategic formulation.

#### 1.2 Board Process

The Board objectively makes decisions in the interests of the Group. The Board has delegated specific responsibilities with distinct guidelines to three committees namely Audit Committee ("AC"), Nominating Committee ("NC") and Remuneration Committee ("RC") to assist in the efficient execution of its responsibilities. These committees function within precisely defined Terms of Reference, which clearly sets out the objectives, duties, powers and responsibilities which are reviewed on a regular basis. The effectiveness of each committee is reviewed by the Board persistently and it may further formulate other committees as per the requirement and suitability of the situation dictated by imperatives. The Board accepts that while these various Board committees have the authority to examine specific issues and will report back to the Board with their decisions and/or recommendations, the ultimate responsibility on all matters lies with the Board.

The Board meets at least once every quarter to review the quarterly results and as warranted by particular circumstances, ad hoc meetings are also convened to deliberate on urgent substantive matters. The Board may have informal discussions on matters requiring urgent attention, which would then be formally confirmed and approved by circulating resolutions in writing. In between these meetings, the Board discusses matters over the tele-conference, electronic and other communication facilities which permits all parties to communicate with each other simultaneously. Dates of all Board and Board Committee meetings as well as the Annual General Meeting are fixed in advance in consultation with the Directors and relevant agenda papers are also circulated to all Directors in advance through email. Each agenda item is provided with sufficient background and all material information is incorporated in the agenda papers for facilitating meaningful and focused discussions at the meeting. Where it is not practicable to attach any document to the agenda, it is tabled before the meeting with specific reference to this effect in the agenda. In special and exceptional circumstances, additional or supplementary item(s) on the agenda are permitted. Minutes of all the Board committees are also circulated to the Board so that Directors are aware of and kept updated as to the proceedings and matters discussed during the Committees' meetings. Directors are encouraged to attend, relevant and useful seminars and courses for their continuing education and skills improvement that are conducted by external organisation to keep in pace with new laws, regulations, changing commercial risks and financial reporting standards. The attendance of Directors at such courses is sponsored by the company.

During the current financial year ended 31 August 2019 one of the Directors Ms. Geetha Padmanabhan had attended a seminar on "Elevating the AC Role with Analytics and AC Commentary" organsied by Singapore Institute of Directors.

A record of Board and Board Committee meetings held during the year under review from the date of the last report i.e. 30 November 2018 till the date of this report and the attendance of each Director where relevant is as follows:

#### 1.3 Matters Requiring Board Approval

The Board has identified numerous prominent areas for which the Board has direct responsibility for decision-making such as approval of major investments and funding decisions. The Board also reviews Interested Persons Transactions and the Group's internal control procedures. The Board serves as the ultimate decision making body of the Company, except for those matters reserved to or shared with the shareowners.

Moreover, Board also beholds discussions and consideration of the following corporate matters: -

- Approval of quarterly and full year result announcements;
- Approval of the Annual Reports and accounts;
- Convening of shareholders' meetings;
- Approval of corporate strategies;
- Material acquisitions and disposal of assets;
- Investments, disinvestments or capital expenditures exceeding set material limit;
- Review of management performance and compliance of values and standards;
- Strategies and objectives of the Group;
- Annual budgets and business plan;
- Issuance of shares;
- Declaration of interim dividends and proposal of final dividends; and
- Commitments to terms loans and line of credits from banks and financial institutions

Apart from the matters that specifically require the Boards approval, the Board approves transactions exceeding certain threshold limits, while delegating authority for transactions below those limits to management so as to optimise operational efficiency. It is believed that all the Directors objectively discharge their duties and responsibilities as fiduciaries in the interests of the Company.

#### 1.4 Board Orientation and Training

Directors bring to their Board considerable wealth of professional experience, diversified knowledge and skills generated over their careers. The new Directors inducted to the Board are introduced to the Company culture, business and government policies through orientation sessions. CEO and senior management provide an overview of the Company's operations and familiarise the new Directors with them. On appointment, a formal letter is provided to them setting out the terms and conditions of their appointment and explaining the regulatory requirements that a Director has to comply with on appointment. The Executive Directors conduct an orientation programme for newly appointed Directors to make the most of their existing knowledge base by filling any knowledge gaps, typically concerning the company's industry, the competition landscape and technical issues. They are also briefed on the governance practice including Board process, policies on disclosure of interests in securities, prohibitions on dealings in the Company's securities and restrictions on disclosure of price-sensitive information to enable them to assimilate into their new roles. The programme also allows the new Director to get acquainted with senior management, thereby facilitating board interaction and independent access to senior management. There were no new Director appointed for FY 2019.

On a quarterly basis, the Board is briefed on recent changes to the accounting standards and regulatory updates. The CEO updates the Board at each meeting on business and strategic developments of the Group.

For FY 2019, the Board was briefed on the strategic and business development of the Group by the CEO, release issued by the SGX-ST, Accounting and Corporate Regulatory Authority ("ACRA"), which are relevant to the Board, including but not limited to the SGX-ST revised code of corporate governance effective 2019 by the Company Secretary and recommendations of ACRA's Financial Reporting Surveillance Programme and financial reporting updates by the external auditors.

#### **Principle 2: Board Composition And Guidance**

The Board is composed of eminent persons with considerable professional experience in diverse fields and comprises six Directors, three of whom are Independent Non–Executive Directors. The quorum for all Board meetings is four. All the Directors are residents in Singapore. The Directors of the Company as at the date of this statement are:

- Mr. Mohamed Salleh s/o Kadir Mohideen Saibu Maricar Founder & CEO
- Mr. Mohamed Hasan s/o Kadir Mohideen Saibu Maricar Deputy CEO
- Mr. Devnarayanan s/o K.R. Pisharody Executive Director
- Dr. Ahmad Bin Mohamed Magad, JP Lead Independent Non-Executive Director
- Mr. Tan Lye Heng Paul Independent Non-Executive Director
- Ms. Geetha Padmanabhan Independent Non-Executive Director

The Board, through the NC, reviews from time to time the size and composition of the Board, with a view to ensure that the size of the Board is appropriate and that the Directors provide diversity to the Board in terms of their skills, expertise, and core competencies in order to facilitate effective decision-making taking into account the scope and nature of the Group's operations, and that the Board has a strong independent element. The Board is of the view that gender is an important aspect of diversity and as such gender diversity is also present by having female representation on the Board. At present, the Board has one female Independent Director, namely Mr Geetha Padmanabhan.

The profile of each Director is given on pages 4 – 6 of this Annual Report.

The NC is of the view that the current Board comprises persons who as a group, have core competencies necessary to lead and govern the Group effectively. The NC is satisfied that sufficient time and attention was given by Directors to the affairs of the Group, taking into consideration the Director's number of listed company Board representation and other principal commitments.

#### 2.1 Independent Directors

The Board has three Directors who are independent members. The criteria for independence are determined based on the definition as provided in the Code.

The Board considers an "independent" Director as one who has no relationship with the Company, its related corporations, its 10% shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgment of the Group's affairs with a view to the best interests of the Company. The requirement of the Code that at least half of the Board comprises Independent Directors is satisfied.

Independent Directors adopt an oversight role to ensure that corporate assets are exclusively utilised for the benefit of the Company. The Independent Non-Executive Directors participate actively in the Board meetings. Where necessary, the Independent Non-Executive Directors meet and discuss on the Group's affairs without the presence of Management.

Each independent Director is required to disclose any relationships or appointments which would impair their independence. Each independent Director had abstained from deliberations in respect of the assessment on his/her own independence. Taking into account the views of the NC and the annual confirmation from each of the independent Director of his/her independence, the Board considers each of the independent Director to be independent and able to exercise independent judgement in the best interest of the company in discharging their fiduciary duties.

The NC has adopted practices which will include a retirement schedule and a rigorous review of the appointment and independence of Directors who have served on the Board for more than nine years from the date of their first appointment. Mr. Tan Lye Heng Paul and Dr Ahmad Bin Mohamed Magad have served as Independent Non-Executive Directors of the Company for more than nine years since 29 November 2002 and 20 December 1996 respectively. Both Mr. Tan Lye Heng Paul and Dr. Ahmad Bin Mohamed Magad had retired as directors of the Company in 2012 and 2013 respectively. The Board has subjected their independence to a particularly rigorous review. The NC is of the view that Mr. Tan Lye Heng Paul and Dr. Ahmad Bin Mohamed Magad have expressed individual viewpoints, debated issues and objectively scrutinised and challenged the Management when deemed necessary. They have sought clarification and amplification whenever deemed necessary, including through direct access to the Management. Mr. Tan Lye Heng Paul and

Dr. Ahmad Bin Mohamed Magad have demonstrated strong independent character and judgement over the years in discharging their duties and responsibilities as Independent Directors of the Company with the utmost commitment in upholding the interest of the minority shareholders and there is no material conflict between the tenure of their appointment as Independent Directors of the Company and their ability to discharge their duties as Independent Directors.

In view of the above and taking into account their disclosure of independence, the wealth of experience and knowledge they have brought and will continue to bring to the Board, the Board resolved that Mr. Tan Lye Heng Paul and Dr. Ahmad Bin Mohamed Magad continue to be considered independent, notwithstanding that they have served on the Board for more than nine years from the date of their first appointments.

Further Ms. Geetha Padmanabhan, who is also an Independent Non-Executive Director, has indepth experience in the fields of audit and taxation within the areas in which the Group operates. The NC finds Ms. Geetha to be independent based on all the criteria it considers and is also of the opinion that the technical expertise and skills that she has developed over the years are extremely valuable to the Group.

#### **Role of Independent Non-Executive Directors**

All the Non-Executive Directors are Independent and bring with them a number of advantages, including independence in their views and the ability to bring an outside perspective into the Board meetings.

Further, as a part of their functionality they comment on corporate strategy and on overall supervision of the company, they help to provide effective leadership.

Also, the presence of independent Directors serves us in bringing about impartiality in the Board as a whole. Such impartiality effectively means that considered advice would be provided and developed for the purposes of steering the company strategy as a whole by the Board of Directors.

The Board and independent Directors in particular are kept well informed of the Group's businesses and are knowledgeable about the industry the group operates in. Also, to ensure that the independent Directors are well supported by accurate, complete and timely information, they have unrestricted access to management.

An effective and robust Board, whose members engage in open and constructive debate and challenge management on its assumptions and proposals, is fundamental to good corporate governance. A Board should also aid in the development of strategic proposals and oversee effective implementation by management to achieve set objectives.

For this to happen, the Board, in particular its Non-Executive Directors (NEDs), must be kept well informed of SGX's businesses.

To ensure that NEDs have sufficient time and resources to discharge their oversight function effectively, the Group has adopted various initiatives. These initiatives include:

Regular informal meetings are held by the management to brief the Independent Directors
on prospective deals and potential developments at an early stage, before formal Board's
approval is sought.

- Periodic information papers and board papers on the latest market developments and trends, and key business initiatives are circulated to Independent Directors on a timely basis to afford Directors time to review them.
- The Group has also made available on the Company's premises an office for use by the Independent Directors at any time for them to meet regularly without the presence of the management.

#### Principle 3: Chairman And Chief Executive Officer ("CEO")

Mr. Mohamed Salleh s/o Kadir Mohideen Saibu Maricar is the CEO of the Group since its founding in June 1975 and was also re-appointed the executive Chairman on 30 November 2013 after retirement of Dr. Ahmad Bin Mohamed Magad, JP.

As the CEO and Chairman, Mr. Mohamed Salleh plays a vital role in assisting the Board to develop policies and strategies and ensuring that they are implemented effectively, casting values with his exhaustive knowledge of business and industry. He ensures that decisions on important matters are made after extensive deliberation and in consultation with the entire Board. He also engages in constructive communication with shareholders at the General Meetings. He exercises objective judgement on corporate matters impartially, thus ensuring a balance of power and authority. He reviews Board papers before they are presented to the Board and ensures that the information provided is accurate, and consists of authentic details.

The independent element is further strengthened by the appointment of Dr. Ahmad Bin Mohamed Magad as the Lead Independent Non-Executive Director. The Lead Independent Non-Executive Director is available to shareholders where they have concerns and for which contact through the normal channels of Chairman, the CEO or the Financial Advisor has failed to resolve or is inappropriate.

All the Board Committees are chaired by Independent Directors and at least half of Board consists of Independent Directors. The Chairman also facilitates the effective contribution of Non-Executive Directors and promotes high standards of corporate governance.

The scope and extent of the Chairman's and the Board's responsibilities and obligations have been expanding due to the increased focus on corporate governance, risk management, regulation and compliance. The Board has agreed with the Chairman that he will commit a significant proportion of his time to his role and will manage his other time commitments accordingly.

#### **Principle 4: Board Membership**

#### **Nominating Committee**

The Nominating Committee ("NC") comprises of three members, all of whom are Independent Directors. The quorum for the NC meeting is two.

The members of the NC are:

- Dr. Ahmad Bin Mohamed Magad, JP Chairman, Independent Non-Executive Director
- Mr. Tan Lye Heng Paul Member, Independent Non-Executive Director
- Ms. Geetha Padmanabhan
   Member, Independent Non-Executive Director

The NC's principal functions include the following:

### A. Review and recommend to the Board on key executive and all Board appointments

The Board has established the NC, which makes recommendations to the Board on all appointments to the Board and Board Committees. The NC seeks to ensure that the composition of the Board provides an appropriate balance and diversity of skills, experience, gender and knowledge of the industry and that the Directors, as a group, have the necessary core competencies relevant to the Group's business. The NC has put in place a formal process for the selection of new Directors to increase transparency of the nominating process in identifying and evaluating nominees for Directors. The NC leads the process and makes recommendations to the Board as follows:

- a. NC evaluates the balance of skills, knowledge, diversity and experience on the Board and, in the light of such evaluation and in consultation with management, determines the role and the desirable competencies for a particular appointment.
- b. External help (for example, SID, search consultants, open advertisement) may be used to source for potential candidates if need be. Directors and management may also make recommendations.
- c. NC recommends and arranges Board members to meet up with the short-listed candidates to assess suitability and to ensure that the candidates are aware of the expectations and the level of commitment required.
- d. Devise a policy on Board diversity and to carry out a process for evaluating the performance of the Board, its Board Committees and the contributions of each Director.
- e. Review the Board succession plans for Directors, in particular, the Chairman.

As part of nomination and selection process of new Directors, the NC identifies the key attributes that an incoming Director should possess, based on a matrix of the attributes of existing Board and the requirements of the Group. All new appointments are subject to the recommendation of the NC based on the following objective criteria:

- 1. Integrity
- 2. Personal, professional or business standing and the independent mindedness to evaluate new information, while still maintaining ability to learn from past
- 3. Diversity Possess core competencies that meet the needs of the Company and complement the skills and competencies of the existing Directors on the Board
- 4. Able to commit time and effort to carry out duties and responsibilities effectively proposed Director is on not more than five listed Company Boards
- 5. Proven track record in collaborating with leaders to develop a business benefiting strategy
- 6. Qualification, expertise and experience of the Directors in their respective fields such as expertise or experience in relevant business, International Markets, Leadership, Risk Management and Strategic Planning etc.
- 7. Financially literate, effective coach and a great mentor
- 8. Principal time commitments like full time occupation, consultancy work, committee work, Non-listed company Board representations and directorship and involvement

The Chairman in consultation with the NC proposes new Directors to be appointed to the Board or seeks the resignation of Directors. Any potential conflict of interest is also taken into consideration.

### B. Review and recommend to the Board on re-appointments

The NC is also charged with the responsibility of re-nomination having regard to the Director's competencies, commitment, contribution and performance (such as attendance, preparedness, participation and candour), with reference to the results of the assessment of the performance of the Individual Director by his peers. The NC also strives to strike a balance between appointing a new Director and re-electing an existing Director with specific basis for retaining long standing Director.

As a mandate of corporate governance, all Directors are required to submit themselves for renomination and re-election at regular intervals, and at least once every three years. Article 107 of the Company's Constitution requires one-third of the Directors, or the number nearest to but not less than one-third, to retire by rotation at every annual general meeting ("AGM") and a newly appointed Director must submit himself for re-election at the AGM immediately following his appointment.

Where, by virtue of any vacancy in the membership of the NC for any reason, the number of members of the NC is reduced to fewer than three (or such other number as may be determined by the SGX-ST), the Board shall, within three months thereafter, appoint a sufficient number of new members to the NC. The newly appointed member should hold office for the remainder of the term of office of the member of the NC in whose place he or she is appointed. From time to time, the NC will review the appropriateness of the Board with regard to structure, size and composition, considering the changes in the nature and scope of operations as well as the regulatory environment.

The Company may appoint alternate Director if the circumstances so warrant. All appointments and removals of alternate Directors shall be effected in writing under the hand of the Director making or terminating such appointment left at the Office. No person shall be appointed the alternate Director for more than one Director. No Director must act as an alternate Director. The Company does not have any Alternate Director on the Board.

### C. <u>Determine the independent status of the Independent Directors annually</u>

The task of assessing the independence of Directors is delegated to the NC. The NC reviews the independence of each Director annually, as and when circumstances require.

Every year, each Director is required to complete a Directors Independence Checklist to confirm his/her independence. The Checklist is drawn up based on the guidelines provided in the code of Corporate Governance.

Each Director must confirm in the Checklist whether he/she considers himself/herself independent despite not having any relationships identified in the Code of Corporate Governance.

Thereafter, NC reviews the checklist completed by each Director, assess the independence of the Directors and recommends its assessment to the Board.

In accordance with the requirements of the Code, the NC has reviewed the status of the Independent Directors and is of the view that they are in compliance with the Code's definition of independence.

D. <u>Decide whether a Director who has multiple Board representations is able to and has been adequately carrying out his duties as Director of the company</u>

All Directors are required to declare their Board representations. In case if a Director has multiple board representation, the NC will review whether the Director is able to adequately carry out his/her duties as a Director of the Company, taking into consideration the Director's number of listed company board representations and other principal commitments. The NC has reviewed and is satisfied that Dr. Ahmad Bin Mohamed Magad and Mr. Tan Lye Heng Paul, who sit on multiple boards, have been able to devote sufficient time and attention to the affairs of the Company to adequately discharge their duties as Directors of the Company, notwithstanding their multiple board appointments.

E. Review and make recommendations to the Board on relevant matters relating to the succession plans of the Board

Currently, there is a succession plan put in place by the CEO. Going forward and at the relevant time, the NC will look into such plan in close consultation with the CEO.

Each member of the NC abstains from voting on any resolutions and making any recommendation and/or participating in discussion on matters in which he or she is interested.

### **Principle 5: Board Performance**

A review of the Board's performance is conducted by the NC annually to assess its effectiveness and reporting to the stakeholders. The NC has implemented a process for assessing the effectiveness of the Board as a whole, its Board Committees and for the contribution by the individual Directors to the effectiveness of the Board considering qualitative measures such as setting of strategic decisions and achievement, quality of risk management and adequacy of internal controls. The evaluation exercise is carried out by requiring the Directors to complete a Board Assessment Checklist to be returned to the NC chairman for evaluation. The evaluation considers the key performance namely Board size and composition, Board independence, Board processes, Board information and accountability, Board performance in discharging principal functions, Board committee performance, interactive skills, knowledge, Directors duties, availability at meetings, financial targets and overall contribution. The key objective of the evaluation exercise is to obtain constructive feedback from each Director to continually improve the Board's performance. Individual evaluation aims at determining whether each Director contributes effectively and demonstrates commitment.

Upon reviewing the assessment, the NC is of the opinion that the Board and each Director have been effective since their appointment. The NC has also reviewed and recommended that Mr. Mohamed Salleh s/o Kadir Mohideen Saibu Maricar and Mr. Mohamed Hasan s/o Kadir Mohideen Saibu Maricar who will retire by rotation pursuant to the Company's Constitution, being eligible and having consented, be nominated for re-appointment at the forthcoming Annual General Meeting ("AGM"). The disclosure of information on the Directors seeking re-election can be found on pages 52 to 55 of the Annual Report.

Further in view of our desire to instil a strong and independent element on the Board, the Board has accepted the following recommendations made by the NC with effect from 1 January 2013. For FY2019, no external facilitator has been engaged to perform the Board assessment process. Where relevant and when the need arises, the NC will consider such an engagement.

### Multiple Directorships

The maximum number of listed company Board representations that a Director in full-time employment may hold is five (5). The NC may consider for the Board's approval, a Director holding more than five Directorships in listed companies if he or she is not in full-time employment or retired.

However, a Director who holds more than five (5) listed company representations should be rigorously assessed by the Board to ensure that sufficient time and attention is given to the affairs of each company and he or she is able to and has been adequately carrying his/her duties as a Director of the Company.

### **Board Composition**

At all times and irrespective of whoever holds the position of Chairman & CEO, at least half the Board should consist of Independent Directors and Non-Executive Directors, if any.

### **Principle 6: Access To Information**

The Board has discrete and independent access to the senior management, external Auditors and the Company Secretary at all times. The quarterly financial accounts and progress reports of the Group's business operations is provided to the Board members. The Board also receives regular updates on the industry which enable Directors to keep abreast of key issues and developments in the industry, together with the challenges and opportunities for the Group. Directors are entitled to request from Management and provided with such additional information as needed to make informed and timely decisions. The Management deals with requests for information from the Board promptly. The Board is informed of all material events and transactions as and when they occur. Prior to each Board meeting, the Management provides the Board all information pertinent to the details of minutes of previous Board meeting, minutes of meeting of all Committees of the Board held since the previous Board meeting, issues dealt by management, relevant budgets, forecasts and projections, major operational and financial issues, statistics on key performance indicators, statistics on customer satisfaction and on the agenda of the meeting.

Management recognises the importance of ensuring the flow of complete, adequate and timely information to the Directors on an ongoing basis to enable them to make informed decisions to discharge their duties and responsibilities.

Crucial matters requiring decision are reserved for resolution at Board meetings rather than by circulating to facilitate decision. Queries by individual Directors on circulated papers are directed to management who will respond accordingly, where relevant Directors' queries and Management's responses are circulated to all the Board members for their information.

The Company Secretary assists in the conduct of the Board meetings and ensures adherence to Board procedures. The Company Secretary also assists on matters in respect of compliance with the Companies Act, Cap. 50 and the Listing Rules of SGX-ST and is also responsible for advising the Board on all matters relating to Corporate Governance. Directors have separate and independent access to the Company Secretary. The Company Secretary is responsible for, among other things, ensuring that Board procedures are observed. They also assist the Chairman and the Board in implementing and strengthening corporate governance practices and processes, with a view to enhancing long term shareholder value.

The appointment and removal of the Company Secretary are subject to the Board's approval.

Independent professional advice

The Board has a process for Directors, either individually or as a group, in the furtherance of their duties, to take independent professional advice, if necessary, at the Group's expense.

#### **Remuneration Committee**

### **Principle 7: Procedures For Developing Remuneration Policies**

### **Principle 8: Level And Mix Of Remuneration**

### **Principle 9: Disclosure On Remuneration**

The Remuneration Committee ("RC") comprises three members, all of whom, including the Chairman are independent. The quorum for the RC meeting is two.

The members of the RC are:

Mr. Tan Lye Heng Paul

Chairman, Independent Non-Executive Director

Dr. Ahmad Bin Mohamed Magad, JP

Member, Independent Non-Executive Director

Ms. Geetha Padmanabhan

Member, Independent Non-Executive Director

RC is responsible for ensuring a formal and transparent procedure for developing policies on executive remuneration, and for fixing the remuneration packages of individual Directors and key management personnel. The members of RC carried out their duties in accordance with the terms of reference which include the following:

- 1. Review and recommend the remuneration packages of the Executive Directors, CEO and key management personnel of the Company and to review the appropriateness of compensation for Non-Executive Directors including but not limited to Directors' fees, allowances and share options.
- 2. Review the fixed as well as the variable components of the remuneration packages for all the Directors and key management personnel.
- 3. Determine a level and model of remuneration and benefits policies and practices of the Company, including the long term incentive schemes on yearly basis. The performance of the Company and that of individual employees would be considered by the RC in undertaking such reviews.
- 4. Review the Group's obligations arising in the event of termination of the executive Directors' and key management personnel's contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.
- 5. Review the development of senior staff and assesses their strengths and development needs based on the Group's leadership competencies framework, with the aim of building talent and maintaining strong and sound leadership for the Group.

In determining the Group's remuneration policy above, the RC from time to time may seek advice from external remuneration consultants specialised in the field of executive remuneration, who are unrelated to the Directors or any organisation they are associated with. The remuneration policy recommended by the RC is submitted to the Board for endorsement.

In case of Mr. Mohamed Salleh s/o Kadir Mohideen Saibu Maricar (CEO) and Mr. Mohamed Hasan s/o Kadir Mohideen Saibu Maricar (Deputy CEO), the variable part of the remuneration is based on a formula approved by the RC and the Board. The formula is based on the Group's profit before tax for the year and excludes items such as fair valuation and/or realised gains or losses of investment properties. For the financial year ended, the variable remuneration ceilings for Mr. Mohamed Salleh and Mr. Mohamed Hasan were \$1.0 million and \$0.75 million respectively.

The management proposes bonuses for Mr. Devnarayanan s/o K.R. Pisharody, who is an Executive Director and also for the key management personnel based on their individual performance as well as the Group's performance for the year. The RC reviews the proposal and after due deliberation, sets forth the same for the Board's approval.

In case of Independent Directors, the fees are a combination of a basic retainer fee plus a variable fee based on the number of meetings attended. The RC ensures that the remuneration of the Independent Directors are appropriate to their level of contribution taking into account factors such as effort, time spent and their responsibilities.

The payment of Directors' fees is subject to shareholders' approval at the AGM of the Company. No Director is involved in deciding his or her own remuneration package.

There is no share-based compensation scheme in place for any of the Directors.

Reclaim incentives – The Company has service agreements with all Directors whereby the Directors shall fully indemnify and hold the Company harmless from and against all losses, damages, claims demands, proceedings, actions, costs, expenses, interest and penalties suffered or incurred by the Company arising out of or in connection with the Directors' gross negligence, fraud or dishonesty whether or not in the performance of his/her obligations and/or the breach by the Director of the terms of the Service Agreement.

Each member of the RC abstains from voting on any resolutions and making any recommendation and/ or participating in discussion regarding his or her own remuneration package or on matters in which he or she is interested.

### **Accountability And Audit**

### **Principle 10: Accountability**

The Board holds accountability to shareholders and ensures that all material information is fully disclosed and available aptly to shareholders in line with statutory and regulatory requirements. The Board provides shareholders with financial statements for the first three quarters and full financial year within the timeframe in accordance with Rule 705 of the Listing Manual of SGX-ST. The Board aims to furnish a balanced and transparent assessment of the Group's performance, position and prospects for shareholders.

The Management quarterly provides the Board with detailed management accounts, operation review, related explanation and any other information as per the requirement of Board. The Audit Committee reviews the financial statements and reports to the Board for approval. The Board then authorises the release of the results to the SGX-ST.

The Board ensures timely and full disclosure of material corporate developments to shareholders and also reviews legislation and regulatory compliance reports from management to make sure that the Group complies with relevant regulatory requirements.

In compliance with the Listing Rules, the Board provides a negative assurance statement to the shareholders in its quarterly financial results announcements, confirming to the best of its knowledge that nothing had come to the attention of the Board which might render the financial statements to be false or misleading in any material aspect. The Company has procured undertakings from all Directors and Executive Officers in compliance with Rule 720(1) of the Listing Rules.

### **Principle 11: Risk Management And Internal Controls**

Every business is exposed to various types of risk which will not be favorable for the Group's smooth and lucrative performance and for its efficiency in achieving the stated objectives. Hence, the Company regularly assesses and refines its business and operational activities to identify areas of significant business risks as well as undertakes suitable measures to get hold of and mitigate these risks. As and when required or on the recommendation of the AC, the Company may engage a third party to conduct risk assessment audit. The Company also reviews all significant control policies and procedures and highlights all significant matters to the AC and Board.

The Board, with the assistance from the AC, is responsible for the governance of the risk by ensuring that management maintains a sound system of risk management and Internal controls to safeguard shareholders' interest and the Group's assets, and determines the nature and extent of the significant risks which the Board is willing to take in achieving strategic objectives.

### 11.1 Internal Controls

The Group has an in-house internal audit team which regularly reviews the internal controls in place, examines the proper implementation of the controls and reports to the AC.

The AC reviews the adequacy of the internal audit function annually and ensures that the internal audit function is properly resourced and has appropriate standing within the Company. The external and internal auditors reviewed the effectiveness of the Group's key internal controls, highlighting on significant matters to the Group's preparation of financial statements that require the vigilance of the Management. Any material non-compliance or shortcomings in internal controls together with remedial measures are reported to the AC which then reviews the effectiveness of the Group's system of accounting and internal financial controls for which the Directors are responsible. The AC, together with the Board also reviews the effectiveness of the Group's system of internal controls put in place to address the key financial, operational, compliance risks and information technology controls affecting the operational activities.

Based on the internal controls established and maintained by the Group, work performed by the internal and external auditors, and reviews performed by Management, various Board Committees and the Board, the AC and the Board are of the opinion that the Group's internal controls, addressing financial, operational, compliance and information technology controls, and risk management system were adequate and effective as at 31 August 2019.

All the audit findings and recommendations made by the Internal and external auditors are reported to the AC and significant findings are discussed at the AC meetings. The Group's internal audit functions follows up on all recommendations to ensure timely remediation of audit issues and reports the status to the AC every quarter.

### 11.1.1 "Whistleblower" Policy

As part of the Company's diligent effort to ensure that sound corporate governance practices are being adopted, the Company has also implemented a "Whistleblower" Policy to empower employees, suppliers, tenants and customers to voice their grievances and/or to raise their concerns involving the Company without any fear or repercussions. Such concerns include dishonesty, fraudulent acts, corruption, legal breaches and other serious improper conduct, unsafe work practices and any other conduct that may cause financial or non-financial loss to the Group or damage to the Group's reputation. The whistle blowing policy is communicated to all staff and covered during staff trainings. The Chairman is in charge of managing this specific area.

The Group undertakes to investigate complaints of suspected fraud and unethical undertakings in an objective manner and has put in place, with the Audit Committee's endorsement, arrangements by which staff of the Group may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters. The objective for such arrangements is to build up independent and transparent investigation of matters raised and to allow appropriate actions to be taken.

The Group is committed to a high standard of ethical conduct and adopts a zero tolerance approach to fraud. The Group will treat all information received confidentially and protect the identity and the interest of all whistleblowers. Anonymous disclosures will be accepted and anonymity honoured. To further strengthen its Whistleblower Policy, the Company has implemented a strong deterrent by offering a cash reward to any person whether employees, suppliers, business associates or the general public who provides specific, reliable and credible information or evidence of fraudulent activities by any of the Company's Executive Director and Management team as listed in the Company's Annual Report (\$50,000/- cash reward) and all other employees (up to \$2,000/- cash reward) which leads to admission of guilt by the accused or leads to successful prosecution.

The AC also reviewed the adequacy of the whistle blower arrangements instituted by the Group through which staff and external parties may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters.

All cases reported are objectively investigated and appropriate remedial measures are taken where warranted. All whistle blowing matters are reviewed monthly/quarterly by the AC.

The policy is communicated via the Company's website. On an ongoing basis, the whistle-blower policy is covered during staff training and periodic communication to all staff as part of the Group's efforts to promote awareness of fraud control. Further, any staff member having any specific concerns can contact the Lead Independent Director directly through email at <a href="mailto:Ahmad.magad@smfederation.org.sg">Ahmad.magad@smfederation.org.sg</a>.

### 11.1.2 Fraud Prevention Officer ("FPO")

As part of a continuous effort to improve the controls and also to send a clear message to every employee and stakeholder that the management has zero tolerance for fraud, Mr. Mohamed Salleh, the CEO himself is appointed as FPO. The management has put in place a policy highlighting severe consequences for the person committing fraud which will serve as a deterrent and prevent fraud to a great extent.

The principal functions of the FPO include the following:

- 1. Maintain Company's Whistleblower Policy
  - a. Suppliers & Business Associates

Ensure updated policy & advisory letter given to and acknowledged by all suppliers & business associates, both local & overseas who has any form of dealings with the company. This is to be translated in the language they best understand.

b. Employees

Ensure updated policy given and acknowledged by all employees. This is to be translated in the language they best understand.

c. Reminders

Ensure reminders are sent out to suppliers & business associates and employees on a yearly basis. To maintain a report on the reminders.

- d. Continuous Implementation
  - Ensure that the Whistleblower Policy is continually implemented.
- 2. To pinpoint fraudulent activities on transactions done with the company to prevent losses and to report immediately / soonest possible any suspicions of fraud to the Chairman & AC and to update on progress of the investigation. Ensure all investigations are carried out independently and objectively in an unbiased manner.
- 3. To submit reports on a half yearly basis to AC. Report includes:
  - a. Updates on issuance of Whistleblower Policies
  - b. Updates on issuance of Advisory letter to suppliers/bankers/tenants/business associates
  - c. Updates on reminders issued to suppliers /bankers/tenants/business associates & employees
  - d. Updates on compliance to the recommendations of External & Internal Auditors.
- 4. The FPO may delegate his work but not his responsibilities to others within the organisation.

To further improve and strengthen its Corporate Governance, the Company has included an indemnity clause to protect itself from avoidable losses. As such, with effect from 1 January 2012, all Executive Directors and Key Management personnel of the Group had their Service Agreement renewed whereby they indemnify the Company all losses incurred arising out of or in connection with any gross negligence, fraud or dishonesty committed.

The Board did not establish a separate Board risk committee as the Board is currently assisted by the AC and management in carrying out its responsibility of overseeing the Company's risk management framework and policies.

### **Principle 12: Audit Committee**

The Audit Committee ("AC") comprises three members, all of whom, including the Chairman, are independent. All three members of the AC have relevant accounting and financial management experience. The Chairman of the AC is a qualified chartered accountant. The quorum for the AC meeting is two. At the date of this report, the AC comprises the following members:

- Ms. Geetha Padmanabhan Chairman, Independent Non-Executive Director
- Dr. Ahmad Bin Mohamed Magad, JP Member, Independent Non-Executive Director
- Mr. Tan Lye Heng Paul Member, Independent Non-Executive Director

The main responsibilities of the AC are to assist the Board in discharging its statutory and other responsibility relating to four key areas:

- Reviewing financial reporting;
- Reviewing internal control and risk management systems;
- Reviewing internal and external audit processes; and
- Reviewing interested party transactions.

The functions of the AC include the following:

- (a) conduct a review with the internal and external auditors of the Company, discuss their audit plans, evaluate the system of internal controls and ensure co-operation is given by the Company's management to the internal and external auditors;
- (b) review the interim and annual financial statements, related announcements and press releases before they are presented to the Board;
- (c) review with the management, external and internal auditors the adequacy and effectiveness of the system of the Company's risk management, internal controls, business and service systems and practices;
- (d) review related and interested party transactions ("IPT");
- (e) review the functioning of whistle blower mechanism;

- (f) make recommendations to the Board on the appointment, re-appointment and removal of the external auditor, and approving the remuneration and terms of engagement of the external auditors;
- (g) meet at least once annually with the external auditors without the presence of the management;
- (h) inspect significant financial reporting issues and judgments so as to ensure the integrity of the financial statements of the Group and any formal announcements relating to the Group's financial performance;
- (i) review the adequacy of the Group's internal controls, including financial, operational, compliance and information technology controls at least annually;
- (j) analyse the scope, approach and results of the audit and its cost effectiveness, and the independence and objectivity of the external auditor; and
- (k) undertake such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and requiring the attention of the AC.

The AC may meet with the auditors at any time, without the presence of the Company's management. It may also examine any other aspects of the Company's affairs, as it deems necessary, where such matters relate to exposures or risks of regulatory or legal nature, and monitor the Company's compliance with its legal, regulatory and contractual obligations.

The AC has power to conduct or authorise investigations into any matters within the AC's scope of responsibility. The AC is authorised to obtain independent professional advice if it deems it necessary in the discharge of its responsibilities. Such expenses are to be borne by the Company.

In line with the recommendations of the Code, the AC had met with the external and internal auditors without the presence of the Company's management during the financial year under review.

The AC has full access to and co-operation of the Company's management and has full discretion to invite any Director or executive officer to attend the meetings, and has been given reasonable resources to enable it to discharge its functions. The external auditors regularly update the AC on the amendments to the accounting standards that are of relevance to the Group.

The Board and the AC have reviewed and are satisfied that the appointment of different auditors for its subsidiary in Malaysia would not compromise the standard and effectiveness of audit of the Group. The Company is therefore in compliance with Rule 716 of the Listing Manual of SGX-ST.

The AC reviews the non-audit services provided by the external auditors. For the financial year under review, Nexia TS Public Accounting Corporation has provided audit services only. The auditor of the Malaysian subsidiary, Soong and Associates, has also provided only audit services. Any non-audit services provided by the auditors are subject to review by the AC and the AC is required to opine if any provision of the non-audit services affect the independence of the auditors. The AC is also responsible for evaluating the cost-effectiveness of audit and ensuring independence and objectivity of the auditors.

The AC had also sought the consent of the auditors for re-appointment and has recommended that the auditors be re-appointed for the ensuing financial year. The Board accepted this recommendation and has proposed resolution for re-appointment.

None of the members of the Audit Committee are former partners or directors of the Group's auditing firm.

The AC also reviews the internal audit report and the auditors' management report recommendations. It then ensures that Management has implemented any recommendations to strengthen the internal controls.

The total audit fees for the Group for FY 2019 is \$\$66,300.

There were no IPT in the financial year under review.

### Financial matters

The AC reviewed the financial statements and discussed with management and external auditors the accounting principles that were applied and their judgement of certain items which involve informed assessment.

Significant Matters	How the AC reviewed these matters
Valuation of Investment Properties	The AC reviewed the following:  (i) valuations of the properties done by independent external valuer  (ii) the competence, independence and relevant experience of the external valuer  (iii) key assumptions and methodology applied in arriving at the valuations and the consistency thereof  (iv) the approach of the external auditor in addressing the judgemental risks in this area of audit
Valuation of financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income (previously classified as available-for-sale financial assets)	<ul> <li>The AC reviewed the following:</li> <li>(i) the proper classification of assets under both these asset classes and its corresponding accounting treatments</li> <li>(ii) the auditor's procedures for evaluating each of the asset classifications and accounting treatments</li> </ul>
Valuation of properties classified under property, plant and equipment	<ul> <li>The AC reviewed the following: <ol> <li>the basis and period of classification of properties classified under this head</li> <li>valuations of the self-occupied properties done by independent external valuer</li> <li>the competence, independence and relevant experience of the external valuer</li> <li>key assumptions and methodology applied in arriving at the valuations and the consistency thereof</li> <li>the approach and methodology of the external auditor in their audit of the assets under this head</li> <li>the consolidation of PPE in overseas subsidiary books with group accounts, paying particular attention to any accounting standards or policies applied in the different jurisdictions.</li> </ol> </li> </ul>

Based on AC assessment, we find the work done by the Independent valuer and external auditor sufficient and reasonable.

Following the review and discussions the AC recommended to the Board to approve the full year financial statements.

The above were also areas of focus for the external auditors.

The external auditor has included the above as items under Key Audit Matters in its audit report for the financial year ended 31 August 2019. Refer to Page no. 60-62 of this Annual Report for the auditor's comments.

### **Principle 13: Internal Audit**

The objective of the internal audit function is to provide independent, objective review and recommendations designed to improve the Group's operations. It works to determine the proper functionality of the Group's risk management, control and governance processes, as designed by the Company.

The Group has an in-house internal audit team which regularly reviews the internal controls in place, including financial, operational and compliance controls and risk management and reports to the AC. In addition, for FY 2019 RSM Risk Advisory Pte Ltd was appointed as the internal auditor to carry out an internal audit review of the following activities of the Group:

- a. Retailing of Apparel
- b. IT operations
- c. PDPA Management

The AC approves the hiring, removal, evaluation and compensation of the internal auditors.

The Internal Auditors review the effectiveness of the Company's material internal controls, including financial, operational and compliance controls and risk management. Any material non-compliance or failures in internal controls and recommendations for improvements are reported to the AC. The Board and the AC are of the view that the internal audit is adequately resourced and has appropriate standing within the Group.

The primary role of Internal Audit function is to assist the Board and senior management to meet the strategic and operational objectives of the Group, by providing an independent and objective evaluation of the adequacy and effectiveness of risk management, controls and governance processes. The Group's internal audit approach is aligned with the Group's risk management framework by focusing on key financial, operational, compliance and information technology risks. The annual internal audit plan is established in consultation with, but independent of, management. On an annual basis, the AC reviews the adequacy of the internal audit function to ensure the adequacy and effectiveness of the Group's internal audit function as well as to align it to the changing needs and risk profile of the Group's activities.

During the financial year, the internal audit team has assisted the Group in maintaining effective control by evaluating the effectiveness and efficiency of processes, in particular the adequacy of internal controls over initiation, processing, recording, authorisation of transactions, physical security controls, user access controls, segregation of duties and performance reviews. The internal audit team also obtained an understanding of how the Group has responded to risks arising from

information technology and assessed the adequacy of automated application controls. The internal auditors have full access to all the Company's documents, records, properties and personnel including access to the AC. The AC is satisfied that internal auditors are adequately (given, inter alia, its adherence to Standards for the Professional Practice of Internal Auditing set by the Institute of Internal Auditors) resourced, and have the appropriate standing in the Company to discharge their duties effectively.

The professional competence of the internal auditors are maintained or upgraded through training programmes, conferences and seminars that provides updates on auditing techniques, regulations, financial products and services.

### Principle 14: Shareholders' Rights

### **Principle 15: Communication With Shareholders**

The Group recognises the importance of maintaining transparency and accountability to its shareholders. The Group's corporate governance culture promotes fair and equitable treatment of all shareholders and respects shareholders' rights.

The Group is further committed to provide shareholders with adequate, timely and sufficient information pertaining to changes in the Group's business which could have a material impact on the Company's share price.

Whilst there is no limit imposed on the number of proxy votes for relevant intermediaries, the Constitution of the Company allow each shareholder to appoint up to two proxies to attend AGMs. Whilst there is no limit imposed on the number of proxy votes for relevant intermediaries under the Constitution, relevant intermediary includes corporations holding licences in providing nominee and custodial services and CPF Board which purchases shares on behalf of the CPF investors.

The Group is committed to maintaining high standards of corporate disclosure and transparency. The Group values dialogue sessions with it shareholders and believes in regular, effective and fair communication with shareholders and is committed to hear shareholders' views and addressing their concerns. The Company maintains a database of email addresses of shareholders for this purpose. Shareholders interested to be on the mailing list can email at contact@secondchance. com.sg

Material information is disclosed in a comprehensive, accurate and timely manner through press release and corporate website. The Company does not practice selective disclosure. In line with continuous obligations of the Company pursuant to the Listing Manual of the SGX-ST, the Board's policy is that all shareholders should be equally informed of all major developments impacting the Group.

Information required by shareholders to make investment decisions is disseminated on a timely basis through:

- SGXNET announcements and news release
- Annual Report and/or Circulars prepared and issued to all shareholders

Announcement of financial results is made within forty five days after the end of each financial quarter for the first three quarters and within sixty days after the end of the financial year.

In addition, the Group strongly encourages shareholder participation during AGM which will be held in Singapore. At the AGM, the shareholders are able to proactively engage the Board and management on the Group's business activities, financial performance and other business related matters. Further, the shareholders have the opportunity to interact with the management and other members of the Board and also share their views or concerns.

### **Dividend Policy**

The Group has changed its dividend policy to distributing at least 25% of its profits from the earlier policy of distributing not more than 30% of its profits as dividend. Further, the company does intend to pay out dividends every year for as long as the Company remains profitable and the cash flow permits.

### **Principle 16: Conduct Of Shareholder Meetings**

The notice of the AGM is dispatched to shareholders, together with explanatory notes or a circular on items of special business, at least fourteen days prior to the meeting. The notice of AGM is also advertised in local newspaper on the date of posting for the benefit of the shareholders.

All registered shareholders are invited to participate and given the right to vote on resolutions at general meetings. Proxy form is sent with notice of general meeting to all shareholders .The Board welcomes questions from shareholders who have an opportunity to raise issues either informally or formally before or at the AGM. There is no provision in the Company's Constitution to allow for other absentia voting methods such as by mail, email and fax until security, integrity, legitimacy and other related issues are satisfactorily resolved.

All Directors including the Chairmen of the AC, RC and NC, and the management will normally be present at the AGM to answer any questions relating to the work of these committees. The auditors are also present to assist the Directors on any queries on the financial statements.

The Company Secretary prepares minutes of general meetings that include substantial and relevant comments or queries from shareholders relating to the agenda of the meetings and responses from the Board and management and such minutes, where relevant will be made available to shareholders upon request during office hours.

The Board recognises that voting by poll is integral in the enhancement of corporate governance and leads to greater transparency of the level of support for each resolution. The Board will adhere to the requirements of the Listing Manual where all resolutions are to be voted by poll.

All resolutions tabled at general meetings are on each substantially separate issue and all resolutions at general meetings requiring shareholders' approval are proposed as separate resolutions. The detailed results showing the number of votes cast for and against each resolutions and the respective percentages will be announced immediately at the meeting and also disclosed via SGXNET on the same day.

### **Dealing in Securities**

The Company has adopted an internal code on dealings in securities, which has been issued to all Directors and employees setting up the implications on insider trading.

The internal code restrains Directors and employees from getting themselves involved in deals related to Company's securities while in possession of price-sensitive information and during the window period beginning two weeks before the announcement of the quarterly results and one month before the announcement of the full year results, and ending on the date of the announcement of the respective results. Directors are required to report securities dealings to the Company Secretary who will aid in making the requisite announcements.

In addition, Directors and employees are reminded to observe insider trading laws at all times. The Company's officers are discouraged from dealing in the Company's shares on short-term considerations.

### **Material Contracts**

Company or any of its subsidiaries has not entered into any such material contracts which involves the interest of CEO or any Director or controlling shareholder during the year under review and till date of this report.

### **Interested Person Transactions**

The Company has established procedures to ensure that all transactions with interested persons are reported in a timely manner to the AC and those transactions, if any, are conducted on an arm's length basis and are not prejudicial to the interests of the shareholders. There were no interested person transactions for the financial year ended 31 August 2019.

On a quarterly basis, management reports to the AC the IPTs in accordance with the Company's Shareholders Mandate for IPT.

The AC is satisfied that the Internal controls over the identification, evaluation, review, approval and reporting of IPTs was effective.

### **Statement of Compliance**

The Board confirms that for the financial year ended 31 August 2019, the Company has generally adhered to the principles and guidelines as set out in the Code.

### Report on the Audit of the Financial Statements

### **Opinion**

We have audited the accompanying financial statements of Second Chance Properties Ltd (the "Company") and its subsidiary corporations (the "Group"), which comprise the consolidated balance sheet of the Group and the balance sheet of the Company as at 31 August 2019, and the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows of the Group for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the balance sheet of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 August 2019 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group for the financial year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current financial year. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

TO THE MEMBERS OF SECOND CHANCE PROPERTIES LTD

### Areas of focus

### How our audit addressed the risk factor

### Valuation of investment properties

We focused on this area given the significance of its balance as at 31 August 2019 and also because the determination of fair value of investment property involves significant judgement and appropriate valuation methodology.

Investment properties represent 55.34% of the Group's total assets. Management engaged an independent valuer, Jones Lang Lasalle Property Consultants Pte Ltd, to perform a full scope property valuation and determine the indicative values of all the investment properties held as at financial year end. Management has adopted the indicative values determined by the independent valuer as the fair values of the Group's investment properties as at 31 August 2019 which amounted to \$159.55 million. Fair value loss of \$1.41 million was recognised in the Group's consolidated statement of comprehensive income as a result of this valuation exercise.

Valuation of financial assets, at fair value through profit or loss and financial assets, at fair value through other comprehensive income (previously classified as available-forsales)

We focused on this area given the significance of its balance as at 31 August 2019.

As at 31 August 2019, financial assets, at fair value through profit or loss were valued at \$24.04 million and financial assets, at fair value through other comprehensive income were valued at \$56.53 million representing 8.34% and 19.61% of the total assets respectively.

As at 31 August 2019, fair value loss on financial assets, at fair value through profit or loss recognised in profit or loss was amounted to \$\$2.65 million.

These financial assets are all traded in active market and classified as "Level 1" fair value measurement hierarchy.

Our procedures included the following:

We have assessed the competency and capabilities of the independent professional valuer and noted that Jones Lang Lasalle has good standing in the industry and has relevant expertise and experience in the property valuation in Singapore.

We have performed alternative test by searching the recent transacted prices from commercial property website or indicated selling price and compared with the valuation report to be reasonable.

We have compared the value of investment properties recorded in the accounting records and the fair value adjustments with the valuation report.

We have assessed the valuation methodology used by the independent valuer against those applied by other valuers for similar assets.

Our reviewed of Note 20 to the financial statements that the disclosures are adequate.

Our procedures included the following:

We have compared the value of financial assets, at fair value through profit or loss and financial assets, at fair value through other comprehensive income recorded in the Group financial with confirmation received from banks.

We have recomputed and compared the fair value gain/(loss) on financial assets, at fair value through profit or loss and financial assets, at fair value through other comprehensive income against the Group financial.

We have assessed the classification of financial assets, at fair value through profit or loss and financial assets, at fair value through other comprehensive income.

Our reviewed of Notes 11 and 17 to the financial statements that the disclosures are adequate.

#### How our audit addressed the risk factor

### Valuation of property, plant and equipment

Included in the Group's property, plant and equipment are freehold land and building with carrying value of \$21.38 million which represent 7.42% of the Group's total assets as at 31 August 2019.

Freehold land and buildings are initially recognised at cost. Freehold land is subsequently carried at the revalued amount less accumulated impairment losses. Building is subsequently carried at the revalued amounts less accumulated depreciation and accumulated impairment losses.

We focused on this area given the significance of its balance as at 31 August 2019 and also because the determination of fair value of freehold land and building involves significant judgement in determining the appropriate valuation methodology.

The valuation of the Group's freehold land and building were derived from the indicative values determined from the desktop valuation performed by an independent external valuer engaged by the Management. Our procedures included the following:

We have assessed the competency and capabilities of the independent professional valuer and noted that Stockers Roberts & Gupta Sdn. Bhd. has good standing in the industry and has relevant expertise and experience in the property valuation in Malaysia.

We have performed alternative test by searching the recent transacted prices from commercial property website or indicated selling price and compared with the valuation report to be reasonable.

We have also reviewed management's computation of fair value adjustments recognised for the current financial year.

We have assessed the valuation methodology used by the independent valuer against those applied by other valuers for similar assets.

Our reviewed of Note 19 to the financial statements that the disclosures are adequate.

### Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regards.

### Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

TO THE MEMBERS OF SECOND CHANCE PROPERTIES LTD

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

TO THE MEMBERS OF SECOND CHANCE PROPERTIES LTD

### Auditor's Responsibilities for the Audit of the Financial Statements

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement director on the audit resulting in this independent auditor's report is Ross Yu Limjoco.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

These financial statements were authorised for issue in accordance with a resolution of the Board of Directors of Second Chance Properties Ltd on 3 December 2019.

#### 1. General information

Second Chance Properties Ltd (the "Company") is listed on the Main Board of Singapore Exchange Securities Trading Limited ("SGX-ST") and incorporated and domiciled in Singapore. The address of its registered office and principal place of business is at 845 Geylang Road, #04-22 Tanjong Katong Complex, Singapore 400845.

The principal activities of the Company are those of an invetment holding company, retailing of ready-made garments, holding of property as investment for rental income and investing in securities. The principal activities of the subsidiary corporations are set out in Note 18 to the financial statements.

# 2. Significant accounting policies

# 2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)s") under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with SFRS(I)s requires management to exercise its judgement in the process of applying the Group's accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where estimates and assumptions are significant to the financial statements are disclosed in Note 3.

### 2.2 Adoption of SFRS(I)s

As required by the listing requirements of Singapore Exchange, the Group has adopted SFRS(I)s on 1 September 2018. These financial statements for the year ended 31 August 2019 are the first set of financial statements the group has prepared in accordance with SFRS(I)s. The Group's previously issued financial statements for the periods up to and including the financial year ended 31 December 2017 were prepared in accordance with Singapore Financial Reporting Standards ("SFRS").

In adopting SFRS(I)s on 1 September 2018, the Group is required to apply all of the specific transition requirements in SFRS(I) 1 First-time Adoption of SFRS(I)s.

Under SFRS(I) 1, these financial statements are required to be prepared using accounting policies that comply with SFRS(I)s effective as at 31 August 2019. The same accounting policies are applied throughout all periods presented in these financial statements, subject to the mandatory exceptions and optional exemptions under SFRS(I) 1.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

### 2.2 Adoption of SFRS(I)s

The Group's opening balance sheet has been prepared as at 1 September 2017, which is the Group's date of transition to SFRS(I)s ("date of transition").

There were no material adjustments to the Group's equity, total comprehensive income and statement of cashflows arising from the transition from SFRSs to SFRS(I)s.

# (a) Optional exemptions applied

SFRS(I) 1 allows the exemption from application of certain requirements under SFRS(I)s on a retrospective basis. The Group has applied the following exemptions in preparing this first set of financial statements in accordance with SFRS(I)s:

(i) Short-term exemption on adoption of SFRS(I) 9 Financial Instruments

The Group has elected to apply the short-term exemption to adopt SFRS(I) 9 on 1 September 2017. Accordingly, the requirements of SFRS 39 Financial Instruments: Recognition and Measurement are applied to financial instruments up to the financial year ended 31 August 2018. The Group is also exempted from complying with SFRS(I) 7 Financial Instruments: Disclosures to the extent that the disclosures required by SFRS(I) 7 related to the items within scope of SRFS(I) 9.

As a result, the requirements under SFRS are applied in place of the requirements under SFRS(I) 7 and SFRS(I) 9 to comparative information about items within scope of SFRS(I) 9.

The accounting policies for financial assets under SFRS(I) 9 is as disclosed in Note 2.11.

### (b) Adoption of SFRS(I)s equivalent of IFRS(I) 9

The Group has elected to apply the short-term exemption under IFRS(I) 1 to adopt SFRS(I)s equivalent of IFRS 9 on 1 September 2018. Accordingly, requirements of SFRS(I) 39 Financial Instruments: Recognition and Measurement will continue to apply to financial instruments up to the financial year ended 31 August 2018.

#### (i) Classification and measurement

The Group has assessed the business models that are applicable on 1 September 2018 to financial assets so as to classify them into the appropriate categories under SFRS(I)s equivalent of IFRS 9. Expected significant adjustments to the Group's balance sheet line items as a result of Management's assessment are as follows:

Equity investments reclassified from AFS to FVOCI

The Group has elected to recognise changes in the fair value of all its equity investments not held for trading and previously classified as available-for-sale in other comprehensive income.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

# 2.2 Adoption of SFRS(I)s

- (b) Adoption of SFRS(I)s equivalent of IFRS(I) 9
  - (ii) Impairment of financial assets

The following financial assets will be subject to the expected credit loss impairment model under SFRS(I)s equivalent of IFRS 9:

- trade receivables and contract assets recognised under SFRS(I)s equivalent of IFRS 15; and
- loans to related parties and other receivables at amortised cost.

Management does not expect significant adjustments to the Group's balance sheet line items from the application of the expected credit loss impairment model.

(c) Adoption of SFRS(I)s equivalent of IFRS 15

In accordance with the requirements of IFRS(I) 1, the Group will adopt SFRS(I)s equivalent of IFRS 15 retrospectively.

As a result, the adoption of SFRS(I) 15 does not have any significant impact to the financial statements for the financial year as at 1 September 2017, 31 August 2018 and 31 August 2019.

(d) Summary of financial impact

The line items on the Group's financial statements that was adjusted due to significant impact arising from the adoption of SFRS(I)s as described above are summarised below:

	As at 31 August 2018 reported under SFRS	As at 1 September 2018 under SFRS(I)s	As at 1 September 2017 reported under SFRS	As at 1 September 2017 reported under SFRS(I)s

# 2.3 Revenue recognition

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer.

Revenue is recognised when the Company satisfies a performance obligation (PO) by transferring the promised goods or services to the customer, which is when the customer obtains control of the goods or services. A performance obligation is satisfied at a point in time or over time.

The transaction price is allocated to each PO in the contract on the basis of the relative stand-alone selling prices of the promised goods or services. The individual standalone selling price of a good or service that has not previously been sold on a stand-alone basis, or has a highly variable selling price, is determined based on the residual portion of the transaction price after allocating the transaction price to goods and/or services with observable stand-alone selling prices. A discount or variable consideration is allocated to one or more, but not all, of the performance obligations if it relates specifically to those performance obligations.

The transaction price is the amount of consideration in the contract to which the Company expects to be entitled in exchange for transferring the promised goods or services. The transaction price may be fixed or variable and is adjusted for time value of money if the contract includes a significant financing component. Consideration payable to a customer is deducted from the transaction price if the Company does not receive a separate identifiable benefit from the customer. When consideration is variable, the estimated amount is included in the transaction price to the extent that it is highly probable that a significant reversal of the cumulative revenue will not occur when the uncertainty associated with the variable consideration is resolved.

#### (a) Sale of goods

The Company recognises revenue from sale of goods at point in time when the Company satisfies a performance obligation by transferring control of promised goods to the customer. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

#### (b) Rental income

Rental income from operating leases (net of any incentives given to the lessees) is recognised on a straight-line basis over the lease term.

#### (c) Dividend/Coupon income

Dividend/Coupon income from investments in equity shares and bonds is recognised when the right to receive payment is established, it is probable that that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be reliably measured.

#### (d) Interest income

Interest income, including income arising from finance leases and other financial instruments, is recognised using the effective interest method.

# 2.4 Group accounting

Subsidiary corporations

#### (i) Consolidation

Subsidiary corporations are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has right to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiary corporations are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

In preparing the consolidated financial statements, transactions, balances and unrealised gains on transactions between group entities are eliminated. Unrealised losses are also eliminated but are considered an impairment indicator of the asset transferred. Accounting policies of subsidiary corporations have been changed where necessary to ensure consistency with the policies adopted by the Group.

### (ii) Acquisitions

The acquisition method of accounting is used to account for business combinations entered into by the Group.

The consideration transferred for the acquisition of a subsidiary corporation or business comprises the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred also includes any contingent consideration arrangement and any pre-existing equity interest in the subsidiary corporation measured at their fair values at the acquisition date.

Acquisition-related costs are expensed as incurred.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are, with limited exceptions, measured initially at their fair values at the acquisition date.

#### (iii) Disposals

When a change in the Group's ownership interest in a subsidiary corporation results in a loss of control over the subsidiary corporation, the assets and liabilities of the subsidiary corporation including any goodwill are derecognised. Amounts previously recognised in other comprehensive income in respect of that entity are also reclassified to profit or loss or transferred directly to retained profits if required by a specific Standard.

Any retained equity interest in the entity is remeasured at fair value. The difference between the carrying amount of the retained interest at the date when control is lost and its fair value is recognised in profit or loss.

Please refer to "Investments in subsidiary corporations" for the accounting policy on investments in subsidiary corporations in the separate financial statements of the Company.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

# 2.5 Property, plant and equipment

#### (a) Measurement

### (i) Land and buildings

Land and buildings are initially recognised at cost. Freehold land is subsequently carried at the revalued amount less accumulated impairment losses. Buildings are subsequently carried at the revalued amounts less accumulated depreciation and accumulated impairment losses.

Land and buildings are revalued by independent professional valuers on annual basis. When an asset is revalued, any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset. The net amount is then restated to the revalued amount of the asset.

Increase in carrying amounts arising from revaluation, including currency translation differences, are recognised in other comprehensive income and accumulated in equity, unless they reverse a revaluation decrease of the same asset previously recognised in profit or loss. Decreases in carrying amounts that offset previous increases of the same asset are recognised in other comprehensive income. All other decreases in carrying amounts are recognised in profit or loss.

### (ii) Other property, plant and equipment

All other items of property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

#### (iii) Components of costs

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

#### (b) Depreciation

Freehold land is not depreciated. Depreciation on other items of property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives as follows:

	<u>Depreciation rate</u>
Freehold buildings	2.0% to 2.5%
Renovation, furniture and fittings	8.3% to 10.0%
Shop and office equipment	10.0% to 12.5%
Computers and peripherals	20.0% to 33.3%
Motor vehicles	10.0% to 16.6%

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

### 2. Significant accounting policies

### 2.5 Property, plant and equipment

# (b) Depreciation

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed and adjusted as appropriate at each balance sheet date. The effects of any revision are recognised in profit or loss when the changes arise.

### (c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

### (d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognised in profit or loss. Any amount in revaluation reserve relating to that asset is transferred to retained profits directly.

### 2.6 Investment properties

Investment properties include properties that are held for long-term rental yields and/or for capital appreciation.

Investment properties are initially recognised at cost and subsequently carried at fair value which is determined by independent professional valuers annually based on the highest and best use basis. Changes in fair values are recognised in profit or loss.

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements is capitalised as addition and the carrying amounts of the replaced components are recognised in profit or loss. The cost of maintenance, repairs and minor improvement is recognised in profit or loss when incurred.

On disposal of an investment property, the difference between the disposal proceeds and the carrying amount is recognised in profit or loss.

#### 2.7 Borrowing costs

Borrowing costs are recognised in profit or loss using the effective interest method.

### 2.8 Investments in subsidiary corporations

Investments in subsidiary corporations are carried at cost less accumulated impairment losses in the Company's balance sheet. On disposal of investments in subsidiary corporations, the difference between disposal proceeds and the carrying amounts of the investments are recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

### 2.9 Impairment of non-financial assets

Property, plant and equipment Investments in subsidiary corporations

Property, plant and equipment and investments in subsidiary corporations are tested for impairment whenever there is any objective evidence or indication that these assets may be impaired.

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash inflows that are largely independent of those from other assets. If this is the case, the recoverable amount is determined for the cash-generating units ("CGU") to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount.

The difference between the carrying amount and recoverable amount is recognised as an impairment loss in profit or loss, unless the asset is carried at revalued amount, in which case, such impairment loss is treated as a revaluation decrease. Please refer to the paragraph "Property, plant and equipment" for the treatment of revaluation decrease.

An impairment loss for an asset is reversed only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of this asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated depreciation) had no impairment loss been recognised for the asset in prior years.

A reversal of impairment loss for an asset is recognised in profit or loss, unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense, a reversal of that impairment is also credited to profit or loss.

#### 2.10 Financial assets

The accounting for financial assets before 1 September 2018 are as follows:

#### (a) Classification

The Group classifies its financial assets in the following categories: financial assets at fair value through profit or loss, loans and receivables and available-for-sale. The classification depends on the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

#### 2.10 Financial assets

The accounting for financial assets before 1 September 2018 are as follows:

### (a) Classification

### (i) Financial assets at fair value through profit or loss

This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss at inception. A financial asset is classified as held for trading if it is acquired principally for the purpose of selling in the short term. Financial assets designated as at fair value through profit or loss at inception are those that are managed and their performances are evaluated on a fair value basis, in accordance with a documented Group investment strategy. Derivatives are also categorised as held for trading unless they are designated as hedges. Assets in this category are presented as current assets if they are either held for trading or are expected to be realised within 12 months after the balance sheet date.

### (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realised later than 12 months after the balance sheet date which are presented as non-current assets. Loans and receivables are presented as "trade and other receivables" and "cash and bank balances" on the balance sheet.

### (iii) Financial assets, available-for-sale

Financial assets, available-for-sale are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the balance sheet date.

#### (b) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is transferred to profit or loss.

# (c) Initial measurement

Financial assets are initially recognised at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are recognised at fair value. Transaction costs for financial assets at fair value through profit or loss are recognised immediately as expenses.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

#### 2.10 Financial assets

The accounting for financial assets before 1 September 2018 are as follows:

### (d) Subsequent measurement

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables are subsequently carried at amortised cost using the effective interest method.

Changes in fair values of financial assets at fair value through profit or loss including the effects of currency translation, interest and dividends, are recognised in profit or loss when changes arise.

Interest and dividend income on available-for-sale financial assets are recognised separately in profit or loss. Changes in fair values of available-for-sale equity securities are recognised in other comprehensive income and accumulated in the fair value reserve, together with the related currency translation differences, if any.

# (e) Impairment

The Group assesses at each balance sheet date whether there is an objective evidence that a financial asset or a group of financial assets is impaired and recognises an allowance for impairment when such evidence exists.

#### (i) Loans and receivables

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written-off against the allowance account. Subsequent recoveries of amounts previously written off are recognised against the same line item in profit or loss.

The impairment allowance is reduced through profit or loss in a subsequent period when the amount of impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortised cost had no impairment been recognised in prior periods.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

#### 2.10 Financial assets

The accounting for financial assets before 1 September 2018 are as follows:

- (e) Impairment
  - (ii) Financial assets, available-for-sale

Significant or prolonged declines in the fair value of the equity securities below its cost is considered as an indicator that the available-for-sale financial asset is impaired.

If there is an objective evidence of impairment, the cumulative loss that had been recognised in other comprehensive income is reclassified from equity to profit or loss. The amount of cumulative loss that is reclassified is measured as the difference between the acquisition cost (net of any principal repayment and amortisation) and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss. The impairment losses recognised as an expense for an equity security are not reversed through profit or loss in subsequent period.

The accounting for financial assets from 1 September 2018 are as follows:

### (f) Classification and measurement

Group classifies its financial assets in the following measurement categories:

- Amortised cost;
- Fair value through other comprehensive income (FVOCI); and
- Fair value through profit or loss (FVTPL).

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

### At initial recognition

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset.

#### At subsequent measurement

### (i) Debt instruments

Debt instruments mainly comprise of cash and cash equivalents and trade and other receivables, listed and unlisted debt securities.

There are three subsequent measurement categories, depending on the Group's business model for managing the asset and the cash flow characteristics of the asset:

# 2. Significant accounting policies

#### 2.10 Financial assets

The accounting for financial assets from 1 September 2018 are as follows:

(f) Classification and measurement

At subsequent measurement

- (i) Debt instruments
  - Amortised cost: Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.
  - FVOCI: Debt instruments that are held for collection of contractual cash flows and for sale, and where the assets' cash flows represent solely payments of principal and interest, are classified as FVOCI. Movements in fair values are recognised in Other Comprehensive Income (OCI) and accumulated in fair value reserve, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and presented in "other gains and losses". Interest income from these financial assets is recognised using the effective interest rate method and presented in "interest income".
  - FVTPL: Debt instruments that are held for trading as well as those that do not meet the criteria for classification as amortised cost or FVOCI are classified as FVTPL. Movement in fair values and interest income is recognised in profit or loss in the period in which it arises and presented in "other (losses)/income net".

### (ii) Equity instruments

The Group subsequently measures all its equity investments at their fair values. Equity investments are classified as FVTPL with movements in their fair values recognised in profit or loss in the period in which the changes arise and presented in "other gains and losses", except for those equity securities which are not held for trading. The Group has elected to recognise changes in fair value of equity securities not held for trading in other comprehensive income as these are strategic investments and the Group considers this to be more relevant. Movements in fair values of investments classified as FVOCI are presented as "fair value gains/losses" in Other Comprehensive Income. Dividends from equity investments are recognised in profit or loss as "dividend income".

### 2. Significant accounting policies

#### 2.10 Financial assets

The accounting for financial assets from 1 September 2018 are as follows:

### (g) Impairment

The Group assesses on a forward looking basis the expected credit losses associated with its debt financial assets carried at amortised cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 30(b) details how the Group determines whether there has been a significant increase in credit risk.

For trade receivables, lease receivables and contract assets, the Group applies the simplified approach permitted by the SFRS(I) 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

# (h) Recognition and derecognition

Regular way purchases and sales of financial assets are recognised on trade date – the date on which the Group commits to purchase or sell the asset.

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

On disposal of a debt instrument, the difference between the carrying amount and the sale proceeds is recognised in profit or loss. Any amount previously recognised in other comprehensive income relating to that asset is reclassified to profit or loss.

On disposal of an equity investment, the difference between the carrying amount and sales proceed is recognised in profit or loss if there was no election made to recognise fair value changes in other comprehensive income. If there was an election made, any difference between the carrying amount and sales proceed amount would be recognised in other comprehensive income and transferred to retained profit along with the amount previously recognised in other comprehensive income relating to that asset.

### 2.11 Borrowings

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the balance sheet date, in which case they are presented as non-current liabilities.

Borrowings are initially recognised at fair value (net of transaction costs) and subsequently carried at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognised in profit or loss over the period of the borrowings using the effective interest method.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

# 2.12 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in normal operating cycle of the business if longer). Otherwise they are presented as non-current liabilities.

Trade and other payables are initially recognised at fair value, and subsequently carried at amortised cost using the effective interest method.

#### 2.13 Leases

(a) When the Group is the lessee – operating lease:

The Group leases office and warehouses under operating leases from non-related party.

Leases where substantially all risks and rewards incidental to ownership are retained by the lessor are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as an expense in profit or loss when incurred.

(b) When the Group is the lessor — operating lease:

The Group leases out retail spaces and office buildings under operating lease to non-related parties.

Leases of investment properties where the Group retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognised in profit or loss on a straight-line basis over the period of the lease.

Contingent rents are recognised as income in profit or loss when earned.

#### 2.14 Inventories

Inventories are carried at the lower of cost (specific identification method and weighted average method) and net realisable value. Cost comprises direct materials and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less applicable variable selling expenses.

#### 2.15 Income taxes

Current income tax for current and prior periods is recognised at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

### 2. Significant accounting policies

#### 2.15 Income taxes

Deferred income tax is recognised for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

A deferred income tax liability is recognised on temporary differences arising on investments in subsidiary corporations, except where the Group is able to control the timing of the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

A deferred income tax asset is recognised to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilised.

Deferred income tax is measured:

- (i) at the tax rates that are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date; and
- (ii) based on the tax consequence that will follow from the manner in which the Group expects, at the balance sheet date, to recover or settle the carrying amounts of its assets and liabilities except for investment properties. Investment property measured at fair value is presumed to be recovered entirely through sale.

Current and deferred income taxes are recognised as income or expense in profit or loss, except to the extent that the tax arises from a business combination or a transaction which is recognised directly in equity.

The Group accounts for investment tax credits (for example, productivity and innovative credit) similar to accounting for other tax credits where deferred tax asset is recognised for unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax credit can be utilised.

# 2.16 Provisions for other liabilities and charges

Provisions are measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risks specific to the obligation. The increase in the provision due to the passage of time is recognised in the statement of comprehensive income as finance expense.

Changes in the estimated timing or amount of the expenditure or discount rate are recognised in profit or loss when the changes arise.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

### 2.17 Offsetting of financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

# 2.18 Employee compensation

Employee benefits are recognised as an expense, unless the cost qualifies to be capitalised as an asset.

(a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Group has no further payment obligations once the contributions have been paid.

(b) Profit sharing and bonus plans

The Group recognises a liability and an expense for bonuses and profit-sharing. The Group recognises a provision when contractually obliged to pay or when there is a past practice that has created a constructive obligation to pay.

(c) Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date.

### 2.19 Currency translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Singapore Dollar, which is the functional currency of the Company.

(b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency exchange differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the balance sheet date are recognised in profit or loss. However, in the consolidated financial statements, currency translation differences arising from net investment in foreign operations is recognised in other comprehensive income and accumulated in the currency translation reserve.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 2. Significant accounting policies

# 2.19 Currency translation

(b) Transactions and balances

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gain and losses that relate to borrowings are presented in the statement of comprehensive income within "finance cost". All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within "Other (losses)/income - net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

(c) Translation of Group entities' financial statements

The financial performance and financial position of all the Group entities (none of which as the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities are translated at the closing exchange rates at the reporting date;
- (ii) income and expense are translated at average exchange rates (unless the average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case, income and expenses are translated using the exchange rates at the dates of the transactions); and
- (iii) all resulting currency translation differences are recognised in other comprehensive income and accumulated in the currency translation reserve. These currency translation differences are reclassified to profit or loss on disposal or partial disposal of the entity giving rise to such reserve.

#### 2.20 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issuance of new ordinary shares are deducted against the share capital account.

# 2.21 Dividends to Company's shareholders

Dividends to the Company's shareholders are recognised when the dividends are approved for payment.

#### 2.22 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Board of Directors who are responsible for allocating resources and assessing performance of the operating segments.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

# 3. Critical accounting estimates, assumptions and judgements

In the application of the Group's accounting policies, which are described in Note 2, management is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

(a) Critical judgements made in applying accounting policies

In the process of applying the Group's accounting policies, which are described in Note 2, management has not made any judgements that will have a significant effect on the amounts recognised in the financial statements, except for the valuation of freehold land and building and investment properties as disclosed in Note 19 and 20 to the financial statements.

(b) Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities include the below:

- (i) the determination of useful lives of property, plant and equipment (Note 19);
- (ii) the assessment of adequacy of provisions for current and deferred income taxes (Notes 9 and 24 respectively);
- (iii) the determination of net realisable value of inventories (Note 13).

These estimates, judgements and assumptions are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

# 15. Property held-for-sale

In 2017, the Group's Subsidiary Corporation entered an option to sell an investment property with a potential buyer for \$10,000,000. As at 31 August 2017, no sale and purchase agreement has been entered into and the subsidiary corporation has not recognised the sale and corresponding gain or loss, if any. The investment property was transferred to property held-for-sale account at the lower of its carrying amount and fair value less cost to sell.

The disposal was subsequently completed on 4 October 2017.

# 16. Amounts due from subsidiary corporations

The amounts due from subsidiary corporations in the Company's balance sheet are non-trade, unsecured, and bear effective interest rates of 2.00% (31 August 2018: 1.75%; 1 September 2017: 1.50%) per annum. These amounts are not expected to be paid within the next 12 months from the balance sheet date.

The management is of the opinion that the carrying amounts approximate their fair values.

# 19. Property, plant and equipment

(a) Fair value of freehold land and buildings

Fair value hierarchy

As at 31 August 2019, freehold land and buildings are measured at fair value under Level 2 measurement hierarchy.

Valuation techniques used to derive Level 2 fair values

Level 2 fair values of the Group's freehold land and buildings have been generally derived using the sales comparison approach. Sales prices and rental yield of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input into this valuation approach is selling price per square metre and rental yield per square metre.

Valuation process of the Group

The Group engages external, independent and qualified valuers to determine the fair value of the Group's properties at the end of the financial year based on the properties' highest-and-best-use. As at 31 August 2019, 31 August 2018 and 1 September 2017, the fair values of the properties have been determined by Jones Lang Lasalle Property Consultants Pte Ltd.

Changes in Level 2 fair values are analysed at each reporting date during the board meeting. As part of the discussion, the management presents a report that explains the reason for the fair value movements.

(b) If the land and buildings stated at valuation were included in the financial statements at cost less accumulated depreciation, their net book values would be:

Under the Land Title (Strata) Act for properties located in Singapore, the Subsidiary Corporations own a share of the common properties according to the share allotment which includes land. Accordingly, the properties are apportioned into freehold land and building. The apportionment was carried out by an independent property consultant, Jones Lang Lasalle Property Consultants Pte Ltd, in accordance with the Royal Institute of Chartered Surveyors practices.

#### 30. Financial risk management

#### Financial risk factors

The Group's activities expose it to market risk (including currency risk, price risk, and interest rate risk), credit risk and liquidity risk. The Group's overall risk management strategy seeks to minimise adverse effects from the unpredictability of financial markets on the Group's financial performance.

The Board of Directors is responsible for setting the objectives and underlying principles of financial risk management for the Group and this includes establishing detailed policies, such as authority levels, oversight responsibilities, risk identification and measurement, and exposure limits in accordance with the objectives and underlying principles approved by the Board of Directors.

#### (a) Market risk

#### (i) Currency risk

The Group operates in Singapore and Malaysia. Revenue and expenses are predominantly denominated in Singapore Dollar ("SGD") and Malaysia Ringgit ("MYR").

Currency risk arises within entities in the Group when transactions are denominated in foreign currencies such as United States Dollar ("USD").

#### (ii) Price risk

The Group is exposed to equity securities and bonds price risk arising from the investments held by the Group which are classified in the balance sheets as available-for-sale financial assets and financial assets, at fair value through profit or loss. These securities are listed in Singapore. To manage its price risk arising from investments in equity securities and bonds, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

If prices for equity securities and bonds listed in Singapore had changed by 5% (31 August 2018 and 1 September 2017: 5%) with all other variables including tax rate being held constant, the effects on profit after tax and equity would have been:

#### (iii) Cash flow and fair value interest rate risks

Cash flow interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market interest rates.

The Group's exposure to cash flow interest rate risks arises mainly from variable-rate borrowings mainly denominated in SGD and USD. The Company's exposure to cash flow interest rate risks arises mainly from borrowings and loans to subsidiary corporations at variable rates. The Group manages its interest rate risk by keeping bank borrowings to the minimum required to sustain operations of the Group.

If the SGD interest rates had increased/decreased by 0.5% (31 August 2018 and 1 September 2017: 0.5%) with all other variables including tax rate being held constant, the profit after tax would have been lower/higher by \$87,980 (31 August 2018: \$162,265; 1 September 2017: \$180,978) as a result of higher/lower interest expense on these borrowings.

If the USD interest rates had increased/decreased by NIL (31 August 2018 and 1 September 2017: 0.5%) with all other variables including tax rate being held constant, the profit after tax would have been lower/higher by \$NIL (31 August 2018: \$NIL; 1 September 2017: \$9,050) as a result of higher/lower interest expense on these borrowings.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

#### 30. Financial risk management

#### (b) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group adopts the policy of dealing only with:

- Customers from wearing apparels transacts mainly in cash, debit and credit cards;
- Customers from rental of investment properties are required to provide a refundable deposit to mitigate credit risk; and
- High credit quality counterparties, where available.

Credit exposure to an individual counterparty is restricted by credit limits that are approved by the Management at operating entity level based on ongoing credit evaluation. The counterparty's payment profile and credit exposure are continuously monitored at operating entity level by the respective Management and at the Group level by the Corporate Finance department.

The Group's investments in equity instruments are considered to be low risk investments. The credit ratings of the investments are monitored for credit deterioration.

As the Group and the Company do not hold any collateral, the maximum exposure to credit risk for each class of financial instruments is the carrying amount of that class of financial instruments presented on the balance sheet.

Cash and cash equivalents, financial assets, at fair value through other comprehensive income, loan to subsidiary corporations and other receivables are measured at the 12-month expected credit losses and are subject to immaterial credit loss.

#### (i) Trade receivables

The trade receivables are subject to the expected credit loss model under the financial reporting standard on financial instruments. The methodology applied for impairment loss is the simplified approach to measuring expected credit losses (ECL) which uses a lifetime expected loss allowance for all trade receivables. The expected lifetime losses are recognised from initial recognition of these assets. These assets are grouped based on shared credit risk characteristics and the days past due for measuring the expected credit losses. The allowance matrix is based on its historical observed default rates (over period of 36 months) over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The expected loss allowance recognised during the financial year is not material.

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

#### 30. Financial risk management

#### (b) Credit risk

#### (i) Trade receivables

At each subsequent reporting date, an evaluation is made whether there is a significant change in credit risk by comparing the debtor's credit risk at initial recognition (based on the original, unmodified cash flows) with the credit risk at the reporting date (based on the modified cash flows). Adjustment to the loss allowance is made for any increase or decrease in credit risk.

Receivables are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group and Company. The Management categorises receivables for write off when a debtor fails to make contractual payment greater than 90 days past due based on historical collection trend during the financial year. Where receivables have been written off, the Group and Company continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognised in profit or loss.

As at 31 August 2019, the trade and other receivables are not subject to any material credit loss.

#### Previous accounting policy for impairment of trade receivables

As at 31 August 2018, the impairment of the financial assets was assessed based on the incurred loss impairment model. Individual receivables which were known to be uncollectible were written off by reducing the carrying amount directly. The other receivables were assessed collectively, to determine whether there was objective evidence that an impairment had been incurred but not yet identified.

The Group and Company considered that there was evidence if any of the following indicators were present:

- There is significant financial difficulty of the debtor;
- Breach of contract, such as default or past due event; and
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

#### Financial assets that are neither past due nor impaired

Bank deposits that are neither past due nor impaired are mainly deposits with banks with high credit-ratings as determined by international credit-rating agencies. Trade and other receivables that are neither past due nor impaired are substantially companies with good collection track record with the Group and Company.

#### 30. Financial risk management

#### (c) Liquidity risk

Prudent liquidity risk management includes maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At the balance sheet date, assets held by the Group and the Company for managing liquidity risk included cash and short-term bank deposits.

Management monitors rolling forecasts of the Group's and Company's liquidity reserve and cash and cash equivalents on the basis of expected cash flow. This is generally carried out at local level in the operating entities of the Group in accordance with the practice and limits set by the Group. These limits vary by operating entity to take into account the working capital requirement of each entity. In addition, the Group's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring liquidity ratios and maintaining debt financing plans.

The table below analyses non-derivative financial liabilities of the Group and the Company into relevant maturity groupings based on the remaining period from the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying amounts as the impact of discounting is not significant.

#### (d) Capital risk

The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value. In order to maintain or achieve an optimal capital structure, the Group may adjust the amount of dividend payment, return capital to shareholders, issue new shares, buy back issued shares, obtain new borrowings or sell assets to reduce borrowings.

Management monitors capital based on a gearing ratio.

The gearing ratio is calculated as net debt divided by total capital. Net debt is calculated as borrowings plus trade and other payables less cash and cash equivalents. Total capital is calculated as equity plus net debt.

#### 30. Financial risk management

(e) Fair value measurement

The Group presents assets and liabilities measured and carried at fair value according to the following level of fair value measurement hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (Level 1);
- (b) inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices) (Level 2); and
- (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (Level 3).

See Note 19 for disclosure of the property, plant and equipment that are measured at fair value under level 2. See Note 20 for disclosure of the investment properties that are measured at fair value under level 2.

As at 31 August 2019, 31 August 2018 and 1 September 2017, the Group and Company have only 1 class of measurement hierarchy, which is under level 1, relating to financial assets, at fair value through other comprehensive income and at fair value through profit or loss. The fair value of financial instrument traded in active market (available-for-sale and held for trading equity securities and bonds) is based on quoted market price at the balance sheet date. The quoted market price used for financial asset held by the Company is the closing price.

The carrying amount less impairment provision of current trade receivables and payables are assumed to approximate their fair values. The carrying amount of current borrowings approximates their fair value.

The fair value of non-current borrowings is disclosed in Note 23.

#### 32. Segment information

Management has determined the operating segments based on the reports reviewed by the Board of Directors that are used to make strategic decisions.

The Board of Directors considers the business from both a geographic and business segment perspective. Geographically, management manages and monitors the business in the two geographic areas: Singapore and Malaysia. The segment in Malaysia derives revenue from sale of apparel, while the Singapore segment derives revenue from sale of apparel, gold and jewellery, investment dealing and rental of investment properties.

The segment information provided to the Board of Directors for the reportable segments are as follows:

FOR THE FINANCIAL YEAR ENDED 31 AUGUST 2019

#### 33. New or revised accounting standards

Below are the mandatory standards, amendments and interpretations to existing standards that have been published, and are relevant for the Group's accounting periods beginning on or after 1 September 2019 and which the Group has not early adopted:

(a) SFRS(I) 16 Leases (effective for annual periods beginning on or after 1 September 2019)

SFRS(I) 16 will result in almost all leases being recognised on the balance sheet, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low-value leases. The accounting for lessors will not change significantly.

The Group will apply the standard from its mandatory adoption date of 1 September 2019. The Group intends to apply the simplified transition approach and will not restate comparative amounts for the year prior to first adoption. Right-of-use assets for property leases will be measured on transition as if the new rules had always been applied. All other right-of-use assets will be measured at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses).

As at 31 August 2019, the Group has non-cancellable operating lease commitments of \$157,520 (Note 27(a)).

However, the Group has yet to determine to what extent these commitments will result in the recognition of an asset and a liability for future payments and how this will affect the Group's results and classification of cash flows.

(b) SFRS(I) INT 23 Uncertainty Over Income Tax Treatments (effective for annual periods beginning on or after 1 September 2019)

The interpretation explains how to recognise and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. In particular, it discusses:

- i) how to determine the appropriate unit of account, and that each uncertain tax treatment should be considered separately or together as a group, depending on which approach better predicts the resolution of the uncertainty;
- ii) that the entity should assume a tax authority will examine the uncertain tax treatments and have full knowledge of all related information, i.e. that detection risk should be ignored;
- iii) that the entity should reflect the effect of the uncertainty in its income tax accounting when it is not probable that the tax authorities will accept the treatment;
- iv) that the impact of the uncertainty should be measured using either the most likely amount or the expected value method, depending on which method better predicts the resolution of the uncertainty; and
- v) that the judgements and estimates made must be reassessed whenever circumstances have changed or there is new information that affects the judgements.

The Group does not expect additional tax liability to be recognised arising from the uncertain tax positions on the adoption of the interpretation on 1 September 2019.

- 3. To re-elect Mr Mohamed Salleh s/o Kadir Mohideen Saibu Maricar who retires by rotation pursuant to Article 107 of the Company's Constitution, as Director of the Company. [See Explanatory Note (i)]
- 4. To re-elect Mr Mohamed Hasan Marican s/o Kadir Mohideen Saibu Maricar, who retires by rotation pursuant to Article 107 of the Company's Constitution, as Director of the Company.

  [See Explanatory Note (ii)]
- 5. To re-appoint Messrs Nexia TS Public Accounting Corporation, Chartered Accountants as (Resolution 5) Auditors of the Company and to authorize the Directors to fix their remuneration.
- 6. To transact any other ordinary business which may properly be transacted at the Annual General Meeting.

#### **AS SPECIAL BUSINESS**

To consider and, if thought fit, to pass the following resolution as Ordinary Resolution, with or without any modifications:

#### 7. General Mandate to Directors to Issue Shares

(Resolution 6)

"That, pursuant to Section 161 of the Companies Act, Cap. 50 and the rules, guidelines and measures issued by the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), authority be and is hereby given to the Directors of the Company to:

- (A) (i) issue shares in the capital of the Company whether by way of rights, bonus or otherwise;
  - (ii) make or grant offers, agreements, or options (collectively, "**Instruments**") that might or would require shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into shares,
  - (iii) issue additional Instruments arising from adjustments made to the number of Instruments previously issued in the event of rights, bonus or capitalisation issues,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may in their absolute discretion deem fit; and

(B) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue shares in pursuance of any Instruments made or granted by the Directors while this Resolution was in force,

provided that:

(a) the aggregate number of shares to be issued pursuant to this Resolution (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 50 per cent of the total number of issued shares excluding treasury shares and subsidiary holdings (as calculated in accordance with sub-paragraph (b) below), and provided further that where shareholders of the Company are not given the opportunity to participate in the same on a pro rata basis, then the aggregate number of shares to be issued under such circumstances (including shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) does not exceed 20 per cent of the total number of issued shares excluding treasury shares and subsidiary holdings (as calculated in accordance with sub-paragraph (b) below); and

- (b) (subject to such manner of calculation and adjustments as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of shares that may be issued under sub-paragraph (a) above, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time this Resolution is passed, after adjusting for:
  - (i) new shares arising from the conversion or exercise of convertible securities;
  - (ii) (where applicable) new shares arising from exercising share options or vesting of share awards outstanding or subsisting at the time of the passing of this Resolution, provided the options or awards were granted in compliance with the Listing Manual of the SGX-ST; and
  - (iii) any subsequent bonus issue, consolidation or subdivision of shares;
- (c) in exercising the authority conferred by this Resolution, the Company shall comply with the rules, guidelines and measures issued by the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution for the time being of the Company; and
- (d) (unless revoked or varied by the Company in general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next Annual General Meeting of the Company or the date by which the next Annual General Meeting of the Company is required by law to be held, whichever is the earlier."

[See Explanatory Note (iii)]

BY ORDER OF THE BOARD

**Sin Chee Mei**Company Secretary

Singapore 10 December 2019

#### **EXPLANATORY NOTES:**

- (i) Ordinary Resolution 3 Mr Mohamed Salleh s/o Kadir Mohideen Saibu Maricar will, upon re-election as a Director, remain as Executive Chairman and Chief Executive Officer of the Company. Mr Mohamed Salleh s/o Kadir Mohideen Saibu Maricar is the brother of Mr Mohamed Hasan Marican s/o Kadir Mohideen Saibu Maricar. Saved as disclosed in the Company's Annual Report 2019, there are no relationships including immediate family relationships between Mr Mohamed Salleh s/o Kadir Mohideen Saibu Maricar and the other Directors, the Company or its 5% Shareholders. Detailed information on Mr Mohamed Salleh s/o Kadir Mohideen Saibu Maricar can be found under the "Board of Directors" and "Disclosure of information on Directors seeking re-election" sections in the Company's Annual Report.
- (ii) **Ordinary Resolution 4** Mr Mohamed Hasan Marican s/o Kadir Mohideen Saibu Maricar will, upon re-election as a Director, remain as Deputy Chief Executive Officer of the Company. Mr Mohamed Hasan Marican s/o Kadir Mohideen Saibu Maricar is the brother of Mr Mohamed Salleh s/o Kadir Mohideen Saibu Maricar. Saved as disclosed in the Company's Annual Report 2019, there are no relationships including immediate family relationships between Mr Mohamed Hasan Marican s/o Kadir Mohideen Saibu Maricar and the other Directors, the Company or its 5% Shareholders.
